STATE TORT CLAIMS POLICY

JULY 1, 2020 – JUNE 30, 2021
STATE TORT CLAIMS POLICY
Policy Number TCP-401-14-21

This is a contract issued by the Georgia Department of Administrative Services (DOAS) pursuant to the authority granted by the Official Code of Georgia Annotated 50-21-20 to provide insurance coverage to the following:

NAMED INSUREDS:

1) All State of Georgia Government Entities which includes State Offices, Agencies, Authorities, Departments, Commissions, Boards, Divisions, Instrumentalities, or Institutions;
2) The Department of Administrative Services may provide endorsements for contractual liability.
3) The Department of Administrative Services may, where necessary to the public purposes of the State entity, provide for additional insureds.

TERRITORY:

This policy covers occurrences anywhere in the world but only if the claim or suit is filed in the Courts of the State of Georgia.

PART I – INSURING AGREEMENT

This insuring agreement will pay from the Georgia Tort Claims Trust Fund (hereinafter known as the Fund) all sums the insureds become legally obligated to pay as damages, court costs and litigation expenses because of negligence of State officers and employees performing their official duties or employment causing bodily injury, property damage, loss of wages, economic loss, disease, pain and suffering, death, and any other element of actual damages recoverable in actions for their negligence.

LIABILITY COVERAGE

The Georgia General Assembly has elected to waive the State’s Sovereign Immunity for the torts of State officers and employees, while the officers and employees are acting within the scope of their official duties or employment. The General Assembly directed the Georgia Department of Administrative Services to formulate a sound program to pay claims against the State. This insuring agreement is intended to comply and in all respects be consistent with the General Assembly of Georgia’s public policy that the State will be liable in Tort actions only as provided for in the “Georgia Tort Claims Act” O.C.G.A. 50-21-20, et. seq.

The General Assembly recognizes that the proper functioning of State Government requires that State officers and employees be free to act and to make decisions, in good faith, without fear of exposing themselves to law suits and loss of their personal assets. Consequently, it is declared to be the public policy of the State that State officers and employees shall not be subject to lawsuit or liability arising from the performance or nonperformance of their official duties or functions. Therefore, the State waives its Sovereign Immunity for the torts of State officers and employees while the officers and employees are acting within the scope of their official duties or employment; provided, however, the State waives its Sovereign Immunity only to the extent provided in the “Georgia Tort Claims Act” and only with respect to actions brought in the Courts of the State of Georgia and does not waive any immunity with respect to actions brought in the Courts of the United States or courts in other states. This policy constitutes the exclusive source of recovery for any tort committed by a State officer or employee while acting within the scope of their official duties or employment and only if the claim is brought in the courts of the State of Georgia.

INCURRED EXPENSES

When a State Agency is requested by the Georgia Department of Administrative Services to provide services or to incur expenses in connection with any claim insured by the Fund, DOAS may provide payment from the Fund for such services and expenses.
PART II – LIMITS OF LIABILITY

The limitation on the Fund’s liability shall be as stated on the Declarations page attached hereto and made a part of this policy. Provided, however, where losses are incurred as a combination of bodily injury, property damage, or personal injury to one person, all such damages shall be combined in calculating the total liability per person which shall not exceed the per person liability limit of $1,000,000. Where losses are incurred to multiple persons for bodily injury, property damage, or personal injury, all such losses shall be combined and shall not exceed $3,000,000 per occurrence nor exceed $1,000,000 per person. All loss(es) arising out of the same act, or acts, of the State government entity or entities shall be considered as arising out of a single occurrence. If multiple lawsuits are filed as a result of the same occurrence, the limit of liability against the Fund is the amount specified on the Declarations Page. However, in any action or claim for damages brought under the provisions of the Georgia Tort Claims Act pursuant to Article 8 of Chapter 8 of Title 31, any caps specified under Code Section 51-13-1, notwithstanding any applicability limitations specified in such Code section, shall serve as a total cap of all damages, regardless of the type of damages claimed; provided, however, that in no event shall the state’s liability exceed the limits stated in this paragraph. The total aggregate Fund limit of liability for the State Tort Claims Trust Fund shall never exceed the amount of funds available from the State Tort Claims Trust Fund. Any judgments obtained in excess of this aggregate fund limit shall not be payable unless and until the Georgia General Assembly appropriates funds for the payment.

In all cases where judgment is obtained against an insured on a claim covered by the Fund, the judgment shall bear interest from the date judgment is entered at the rate of 7% per annum. Judgments against the State, under this policy, shall be promptly paid by the Commissioner of Administrative Services within 60 days after judgment becomes final if funds are available from the State Tort Claims Trust Fund or from other policies of insurance or contracts of indemnity established or purchased by the Fund and which provide coverage for the claim for which payment is being made.

The Department of Administrative Services may enforce the authority granted under this subsection by subpoena which may be enforced,
upon application by the department, by the Superior Court of Fulton County, Georgia, in the
same manner as subpoenas issued under Chapter 13 of Title 50, the ‘Georgia Administrative

PART VII – Settlements

The Commissioner of the Department of Administrative Services, or his or her delegate, shall have sole authority, within the limits provided in this policy, to make settlement of claims, causes of action, and actions under this policy. Such settlement shall be made after consultation with the State Law Department with respect to claims in litigation.

PART VIII – Premiums

The Department of Administrative Services shall establish and charge to State government entities such premiums, deductibles, and other charges after taking into account any direct appropriations as shall be necessary to maintain the soundness of the insurance or self-insurance programs established for the Georgia Tort Claims Trust Fund. The premiums and deductibles charged to each State government entity may be established on such basis as the Department of Administrative Services shall deem appropriate and such basis may include the number of employees, the aggregate annual budget of the State government entity, and unique exposures, loss history, or claims pending against such State government entity. The department is further authorized to establish incentive programs including but not limited to differential premium rates based on participation in loss control programs established by the department, increased or decreased deductibles based on participation in loss control programs established by the department, and imposition of fines and penalties. If any premiums, deductibles, fines, or penalties are unpaid, the department is authorized to deduct any unpaid amounts from the nonpaying agency’s or authority’s continuation budget subject to the approval of the Office of Planning and Budget and deposit those funds into the State Tort Claims Trust Fund.

When requested State agencies must provide the Georgia Department of Administration, Risk Management Services, a list of each structured volunteer program, task force, committee, or similar body so that these groups may be included in the total loss exposure for the state vendor to assess an appropriate premium.

Each State government entity shall promptly remit from General Appropriations or other funds available to the Department to pay the premium.

Any state agency or Authority who requires contractors or service providers to indemnify and hold the State and its employees harmless in all of the Agency’s or Authority’s contracts may be eligible for a discount on the annual premium paid to the Fund once a risk analysis audit has been performed by DOAS Risk Management.

IX – Other Insurance/Contractual Agreements

With respect to any occurrence covered by this policy, no duplicate or overlapping coverage shall be available under more than one insurance policy issued or purchased by the Fund. In addition, the Tort Fund may subrogate against other valid and collectible insurance available to the named insured as a result of the insureds being named as an additional insured under any policy or being held harmless as a result of any contractual agreement made by the insured.

Each State agency and Authority should make it a requirement, when possible, that all contractors and service providers agree to indemnify and hold the State and the State’s employees harmless in all contractual agreements between the State agency and the contractor or service provider. The State agency and Authority should require the contractor or service provider to provide an insurance certificate from the contractor/service provider’s insurance agent to document that the contractor or service provider has purchased a Commercial General Liability Insurance policy that will provide liability coverage for actions arising out of the contractual agreement.

If a state government entity enters into or is beneficiary of any agreement under which a third party agrees to hold a state government entity or the State Tort Claims Trust Fund harmless or to indemnify a state government entity or the State Tort Claims Trust Fund, or to provide insurance for those purposes, then the third party or the insurer, as the case may be, shall be liable to the State Tort Claims Trust Fund in accordance with such agreement or contract of insurance, for reimbursement of the amount of any disbursements from the State Tort Claims Trust Fund in satisfaction of any liability,
whether established by judgment or settlement in accordance with this article, to the extent of the hold harmless obligation or requirement to procure insurance undertaken under such agreement or contract of insurance obtained pursuant to such agreement. The liability limits shall not be increased by the existence of hold harmless or indemnity obligations in such contractual agreements or by the obligation to procure insurance for such purposes or by the limits set forth in any such contractual agreement or contract of insurance procured pursuant thereto.

No policy of insurance shall be delivered in this state which negates the provisions of the Georgia Torts Claims Act or which provides that the limits of the policy are excess over amounts payable from the State Tort Claims Trust Fund.

PART X – Legal Representation

Legal representation for all insureds under this policy shall be by the Attorney General of the State of Georgia or by any designee properly appointed by the Attorney General. In the event the Attorney General decides not to defend an insured for any reason, the Attorney General will first advise the Fund of such decision so as to enable the Fund to select a defense attorney in each such case.

PART XI – Additional Insured

The Georgia Department of Administrative Services may endorse this policy to provide coverage for additional insureds. If an agency has a unique loss exposure that may require the Department of Administrative Service to endorse this policy, the agency must send a letter requesting an endorsement along with copies of all supporting contracts, purchase orders, and other correspondence to justify an endorsement to the policy. The Department of Administrative Services will review the documentation, and if in the opinion of the Department of Administrative Services, the endorsement is necessary in the interest of the State, the Department of Administrative Services may endorse the policy. The coverage will not be effective until the endorsement is signed by the Commissioner of Administrative Services and the insured agency agrees to pay any premium assessed for the coverage on the endorsement.
