State of Georgia

Statewide Purchasing Card Policy

I. PROGRAM OVERVIEW

The State of Georgia Purchasing Card (P-Card) program streamlines payments for goods and services for State business use by eliminating the administrative burdens and costs associated with traditional methods of payment. Per the State Accounting Office, the P-Card may be used as the method of payment for unplanned, non-routine, or urgent point of sale purchases under \$1,000 and for purchases under \$5,000 that are preapproved and go through the requisition process prior to completing the purchase. Point of sale transactions include purchases made at a physical store, in person, online, or over the phone. This policy can be found on the State Accounting Office website at www.sao.georgia.gov.

The P-Card Program is the only charge card program authorized for use by State Agencies, units of the University System of Georgia, and technical colleges within the Technical College System of Georgia.

All official forms mentioned in this Policy are on the State Purchasing Division (SPD) website at <http://doas.ga.gov/>. The versions on the website will always be the latest versions.

The terms of the contract with the Bank also permit State Authorities and Commissions and local governments¹ to use the program. The State Cards Program Director approves all participation in the program. Local governments and State Entities not under SPD authority are not required to follow the *Statewide Purchasing Card Policy*; however, this is recommended. Each Entity is responsible for implementing a P-Card policy and ensuring compliance with that policy.

Any questions related to appropriate use of the P-Card, Georgia law governing the use of the P-Card, or this Policy can be sent to cardprograms@doas.ga.gov.

II. TYPES OF ACCOUNTS

Accounts allowed under this Program include traditional cards. All accounts can be used only for official State of Georgia business. Cards must be surrendered and/or accounts closed upon termination of employment for any reason or upon demand.

A. Standard P-Cards

Cardholders are limited to one active P-Card.

¹ Local governments include, but are not limited to, counties, cities, towns, Boards of Commissioners, and Boards of Education within the State of Georgia

Cardholders must be permanent, part-time or full-time, State employees whose jobs require the use of a P-Card or other account. State Entities may include additional restrictions if desired. There will be no exceptions to the following:

1. Neither cards nor accounts will be issued to employees of foundations associated with any State Entity, student employees, temporary workers (e.g. hired from a temporary staffing agency), or contractors (e.g. person hired for a pre-determined period of time for a specific project).
2. Cards and other accounts will not be issued in the name of a Department or work unit (e.g. Facilities Maintenance) to be shared by multiple employees.
3. Only the employee whose name is shown on the face of the card is authorized to make purchases with the card, either in person, on-line, or telephone. Use by any other person, even if for State business purposes, is considered misuse of the card. This restriction does not apply to requestors in Team Georgia Marketplace™ who are assigned to a cardholder for eProcurement purchases.

At a minimum, an employee's supervisor, the Entity's Card Program Administrator and the Entity's Chief Financial Officer must approve a cardholder's application for a P-Card or other account as well as renewals of existing accounts. The appropriate P-Card application form is the Purchasing Card Profile, Form SPD-PC002, found on the SPD website at <http://doas.ga.gov>.

The Chief Financial Officer, Card Approvers and potential cardholders must meet all training requirements as described in this policy. Approver and cardholder training must be completed prior to receiving the P-Card or obtaining access to an account number.

B. Ghost Card Accounts

Ghost Card accounts are no longer allowable except for those designated to pay expenses related to charges made for employee travel through the online Travel and Expense Management System used in conjunction with Travel Inc., the TeamWorks Travel and Expense designated travel agency.

III. LEGAL ISSUES

All procurement laws in the Official Code of Georgia, Annotated, and administrative rules found in the Georgia Procurement Manual apply to the use of the P-Card. Cardholders, program users, CFOs or supervisors/approving officials who knowingly, or through willful neglect, fail to comply with the following may be subject to suspension or termination of account privileges or other disciplinary action, up to and including termination of employment and criminal prosecution to the fullest extent of the law.

- Official Code of Georgia, Annotated (O.C.G.A.), sections related to governmental purchasing
- Applicable requirements of the *Georgia Procurement Manual* (GPM)

- *Statewide Purchasing Card Policy*
- State Entity policies and procedures governing procurement and the Purchasing Card Program.

The State Cards Program Director and State Purchasing Division reserve the right to withdraw any authority or delegated approval due to non-compliance with applicable laws, rules, regulations, policies, and procedures, or the terms of any conditional approval.

A. Personal Purchases Prohibited

Cardholders and other program personnel are prohibited from using the P-Card for the purchase of any goods or services not directly or indirectly related to official State of Georgia business. Intentional use of or approval for the use of the card for personal purchases will result in disciplinary action, up to and including termination from State employment and criminal prosecution.

1. The Official Code of Georgia, Annotated (O.C.G.A.), §50-5-80 states that any person who knowingly uses state funds for personal purchases under \$500 is guilty of a misdemeanor.
2. A person who knowingly uses state funds for personal purchases of \$500 or more is guilty of a felony punishable by one to 20 years in prison.
3. Supervisors or other approving officials who knowingly, or through willful neglect, approve personal or fraudulent purchases are subject to the same disciplinary actions as those making the purchases.

B. Cardholder Background Checks

O.C.G.A. §50-5-83 requires criminal background checks on all employees hired for positions that are eligible for P-Cards. Although State Entities are not required to run background checks on cardholders at the time of card renewal this practice is highly recommended.

C. Cardholder Credit Checks

In addition to background checks for all cardholders, O.C.G.A. §50-5-83 requires credit checks on all employees issued a purchasing card. Credit checks must be conducted through existing Statewide contract vendors and procedures including standardized reports that indicate acceptance or denial of the employee's request for a card based on predefined criteria. Each entity must establish an escalation path for denials to provide potential cardholders an opportunity to dispute inaccurate data found on the credit report. Additionally, credit checks must be run at the time of account renewal.

D. Split Purchases Prohibited

O.C.G.A. § 50-5-69 requires competitive bidding for all open-market purchases anticipated to be \$25,000 or more. However, §50-5-83 sets the legal Single Transaction Limit (STL) for P-Card transactions at less than \$5,000 (e.g. \$4,999.99 or less) unless the purchase is from a Statewide Contract and in compliance with State procurement policy. However, policy requires the Single Transaction Limit (STL) for unplanned, non-routine, or urgent point of sale P-Card transactions be set at \$1,000 and purchases that are preapproved and go through the requisitions process

prior to completing the purchase be set at under \$5,000 (i.e. \$4,999.99 or less). Point of sale transactions include purchases made at a physical store, in person, or over the phone.

1. Cardholders are prohibited from splitting a transaction between two or more transactions on a single account, two or more transactions on multiple accounts, or two or more transactions using the P-Card and a purchase order in order to circumvent competitive solicitation requirements. Refer to the GPM at <http://doas.ga.gov/state-purchasing/law-administrative-rules-and-policies/gpm> for complete information on bid requirements and procedures.
2. Cardholders are prohibited from splitting a transaction between two or more transactions on a single card number, two or more transactions on multiple card numbers, or two or more transactions using the P-Card and a purchase order in order to circumvent the Single Transaction Limit imposed on the card regardless of the amount of the STL.

E. Payment of Sales and Use Tax

O.C.G.A. §48-8-3 exempts purchases made by Agencies, Universities, Colleges, and Technical Colleges from State Sales and Use Tax when payment is made with appropriated funds. Cardholders must present the Department of Revenue Sales and Use Tax Exemption, Form ST-5, to suppliers upon request. This form is available on the Department of Revenue website at <http://dor.ga.gov> by searching for ST-5.

The requirement for out-of-state suppliers to charge Sales and Use Tax on shipments to purchasers in the State of Georgia does not apply to tax-exempt State Entities. In order to avoid confusion, the cardholder must provide out-of-state suppliers with a copy of the ST-5 prior to placing an order to be shipped into the State of Georgia. If the supplier refuses to remove taxes, the cardholder must make the purchase from a different supplier whenever possible.

Cardholders are responsible for ensuring that merchants do not charge tax or provide a credit for inadvertent charges.

1. If taxes are charged, the cardholder must contact the merchant to obtain a credit to the account. Sales tax cannot be disputed with the Bank.
2. Credits cannot be obtained by any other method, including, but not limited to, cash, gift cards, or store credit.
3. Documentation of attempts to obtain credit for any State Sales and Use Tax charged in error must be maintained with the documentation for the transaction where the tax was charged.

State Entities may apply to the Georgia Department of Revenue for a refund of sales taxes paid in error or because a supplier/merchant refuses to remove taxes. The form to use for this request is the Department of Revenue's Claim for Sales and Use Tax Refund, Form ST-12. In addition to the ST-12, the State Entity must also submit either (1) a Waiver of Vendor's Rights, Form ST-12A, or (2) a Purchaser's Claim for Sales Tax Refund Affidavit, Form ST-12B. These forms contain instructions for their use and are located at <http://dor.ga.gov>.

F. Records Retention Requirements

The University System of Georgia maintains the official Records Retention Schedule for the State of Georgia. This information is available at

http://www.georgiaarchives.org/records/retention_schedules.

1. Documents related to transactions (e.g. receipts) are accounting records and must be maintained according to the requirements of Accounts Payable Files.
2. Documents related to the issuance of accounts to employees (e.g. profile forms) are accounting records and must be maintained according to the requirements of Credit Card Administration Records.

G. Internal Revenue Service 1099 Reporting

In 2011, the Internal Revenue Service announced changes to the IRS Revenue Code, Section 6050W, which shifted the burden of payment reporting requirements from the purchaser to the supplier's merchant bank when the P-Card is used as the method of payment for a reportable transaction. Because of the shift in responsibility, participants in the State's P-Card program are no longer required to report total P-Card transactions in excess of \$600 with certain suppliers. This change applies only to P-card transactions. Reporting for all other payment methods, including checks, ACH, and other means, will remain the responsibility of the Entity making the payments. Consult the tax specialist at your Entity for further information and details regarding these changes.

H. E-Verify

The Georgia Security and Immigration and Compliance Act, O.C.G.A. §13-10-91, requires suppliers to file an affidavit that the supplier and its subcontractors have registered and participate in the federal work authorization program known as E-Verify. This program is intended to ensure that only lawful citizens or lawful immigrants are employed by the supplier or subcontractor. All State Entities are required to obtain this signed and notarized affidavit from suppliers prior to entering into any service contract \$2,500 or greater involving the supplier's physical performance of services within the State of Georgia. The State of Georgia Attorney General's Office has interpreted this to include one-time P-Card transactions for services.

For P-Card transactions that meet this definition, the cardholder or another person within the State Entity is responsible for ensuring receipt of this affidavit. A copy of this affidavit must be included with all transaction documentation, including uploading a PDF version to Team Georgia Marketplace™, if applicable.

C. Works® Payment Manager

Bank of America is responsible for delivering training on Works® Payment Manager when the system is initially implemented. The State Entity Card Program Administrator is responsible for training new cardholders or other users. Personnel from the State Purchasing Division's Professional Development and/or Process Improvement units are also available.

VII. INTERNAL CONTROLS

A strong system of internal controls is essential for detection and deterrence of fraud, cardholder misuse, or cardholder abuse of the P-Card. Internal controls include policies, procedures, and training in addition to spending limits and Merchant Category Code restrictions.

A. General Requirements

Each State Entity must establish an internal control structure that ensures compliance with State procurement laws, the *Georgia Procurement Manual*, the *Statewide Purchasing Card Policy*, sound accounting practices, and internal policy. Minimum requirements include:

1. Separation of duties between ordering cards (program administrators), making transactions (cardholders), and review or approval of transactions for payment (supervisors/approving officials).
2. A minimum of two approvers required before a purchase is made (usually supervisor and fiscal).
3. Reconcilers are limited to one per card and cannot be a subordinate of the cardholder. The cardholder role can be given to either the cardholder or assigned to a proxy to

reconcile on the cardholder's behalf. Each card must have only one reconciler; however, one reconciler can be the sole reconciler on multiple cards.

4. The Card Program Administrator cannot be a cardholder.
5. Limits on the number of cardholders assigned to a supervisor or approving official to ensure adequate review of business need and documentation for each purchase.
6. Cardholders cannot approve their own transactions but may reconcile their own transactions.
7. Approvers cannot be subordinates of cardholders for whom they are responsible.
8. Sharing of login information or passwords is strictly forbidden.
9. Delegation of the approver duties is unallowable. Should an approver be on leave or otherwise unavailable to approve a purchase or transaction, another trained approver already assigned approver responsibility may assume those duties temporarily.
10. Provision for annual audit or self-audit of the P-Card program by the Card Program Administrator or Internal Audit unit must be submitted annually to DOAS no later than December 1st. Guidelines for the annual self-audit can be found at <http://doas.ga.gov/state-purchasing/purchasing-tools/process-improvement-tools>

Self-Audits must include adequacy of:

- a. internal policies and procedures
- b. cardholder spending limits
- c. monthly reconciliation procedures
- d. documentation for transactions

B. State Entity Internal Purchasing Card Policy

The *Statewide Purchasing Card Policy* serves as the Policy for the P-Card Program on a statewide level and is not designed to be specific to an individual State Entity in all areas. Each State Entity must develop its own internal policy to address areas that the *Statewide Purchasing Card Policy* cannot and does not address. The Card Program Administrator or the Agency/University Procurement Officer in conjunction with the Entity CFO must evaluate the internal policy at least annually using the Policy Risk Evaluation workbook found on the State Purchasing Division website at <http://doas.ga.gov/state-purchasing/purchasing-tools/process-improvement-tools>

C. Card Management and Reconciliation Systems

All transaction reconciliation is to be done electronically, either in Works® Payment Manager or Team Georgia Marketplace™ depending on the State Entity's accounting system. Transactions must be reconciled and allocated to the General Ledger within 30 days of the statement billing date.

1. All State Entities are required to use the Works® Payment Manager system provided by the Bank for card administration and account maintenance.

2. State Entities that use the State Accounting Office PeopleSoft system and have implemented Team Georgia Marketplace™ must reconcile all transactions in the P-Card module of PeopleSoft.
3. All other State Entities under State Purchasing Division authority must use Works® Payment Manager for cardholder sign-off and supervisory approval of transactions.

D. Merchant Category Code Authorizations

Merchant Category Codes (MCCs) are codes assigned by a supplier's merchant bank based on the types of goods and/or services provided. By allowing or blocking certain codes, the State has some protection against unauthorized or prohibited purchases. The Bank creates MCC groups upon request by the State Cards Program Director.

1. The State Cards Program Director establishes the State authorized MCC groups that contain codes associated with suppliers that provide goods and/or services specifically authorized by this Policy.
2. MCCs associated with suppliers that provide prohibited goods or services are excluded from these groups. Transactions at unauthorized MCCs should be blocked at the point-of-sale but occasionally are forced by the merchant. These transactions are subject to audit.
3. The State Cards Program Director will conduct periodic evaluations of authorized codes and MCC groups to determine if the codes and the groups meet the needs of State Entities.
4. The State Cards Program Director will work with the Card Program Unit and other card program personnel at SPD and at State Entities to determine if changes are needed.
5. State Entities can request activation of additional MCCs for inclusion in a State authorized group and/or approval to create an MCC group to meet specific needs. Program Administrators can make these requests using the Special Approval Request, Form SPD- PC003.
6. Card Program Administrators should ensure that cardholder profiles permit only those MCC groups that contain the MCCs a cardholder needs to meet job requirements.

E. Cardholder Spending Limits and Utilization

Imposing spending limits enables management to provide cardholders with the purchasing power to accomplish the needs of the job without exposing the State or the State Entity to unnecessary risk. Spending limits should be based on job responsibilities. Cardholder spending limits must be reviewed at least annually to determine if actual usage is consistent with spending limits and increases or decreases made as needed.

Cardholders are prohibited from splitting a single purchase between one or more cards or a card transaction and a purchase order in order to circumvent the card's Single Transaction Limit and/or bid requirements. If needed, the State Entity's Card Program Administrator may use the Special Approval Request, Form SPD-PC003, to request prior, written approval.

1. Available Spending Limits
 - a. Cycle (Credit) Limit – *Mandatory* spending limit that restricts the total value of purchases a cardholder can make in one billing cycle. The cycle limit cannot be more than \$25,000 without prior, written approval from the State Cards Program Director and OPB.
 - b. Single Transaction Limit (STL) – *Mandatory* spending limit that restricts the amount of a single purchase regardless of the Cycle Limit on the card.
 - c. Number of Transactions per Day – *Optional* spending limit that restricts the total number of transactions a cardholder can have in one 24-hour period.
2. Spending Limits Requirements
 - a. State Policy establishes the maximum STL for unplanned, non-routine, or urgent point of sale P-Card transactions be set at \$1,000 and purchases that are preapproved and go through the requisition process prior to the purchase be set at under \$5,000 (i.e. \$4,999.99 or less). The State Entity Card Program Administrator can establish STLs up to this amount as determined by overall needs.
 - b. State Entity Card Program Administrators must request prior, written approval from the State Purchasing Division and OPB for STLs greater than or equal to Single Transaction Limits as outlined in policy using the Special Approval Form, SPD-PC003, with the following exceptions. Any adjusted limits should be returned to the cardholder’s original profile within 5 days of the temporary increase to allow for the transaction to post.
 - i. State Entity Card Program Administrators can adjust in Works® consistent with OPB and SPD approval of individual limits greater than or equal to limits established by state policy for purchases outlined in the Entity’s approved P-Card Plan.
 - ii. State Entity Card Program Administrators can adjust in Works® consistent with OPB and SPD approval of individual limits greater than or equal to limits established by State Policy for purchases that would be exempt based on the NIGP code that were outlined in the Entity’s approved P-Card Plan. Refer to Section 1.2.4 of the *Georgia Procurement Manual* for additional information and a link to the list of exempt NIGP codes.
 - c. State Entity Card Program Administrators must obtain prior, written approval from the State Purchasing Division in conjunction with OPB for STLs greater than or equal to those outlined by State Policy for any purchase that does not meet one or both of the first two conditions of this section. The request must include documentation that all bid requirements, if any, have been met if the purchase is greater than or equal to \$25,000. Cardholders should be returned to the original

profile within 5 days of the temporary increase in order to allow for the transaction to post.

3. Annual Review of Spending Limits
 - a. Each State Entity is required to perform a review of spending limits at least annually in order to determine if each cardholder's spending limits are both adequate and appropriate according to State Policy and the Entity's approved P-Card Plan. The review must include transactions from at least 12 complete, consecutive cycles. In order to facilitate this review, the State Purchasing Division has provided a Spending Limits Analysis Template in Excel. This template can be found at <http://doas.ga.gov/state-purchasing/purchasing-tools/process-improvement-tools>. Instructions for its use are in the *Purchasing Card Audit Guide*, also available on this website. State Entities should use this spreadsheet and include it in the annual self-audit.
4. Dormant Cards
 - a. Each State Entity is responsible for defining in its P-Card Plan and internal policy how long a card can remain unused before it is considered inactive. The State Purchasing Division recommends that a State Entity should reduce the cycle limit of any card that has not been used within 12 complete cycles to \$1. The card should also be reviewed to determine if the cardholder still needs the card. The State Purchasing Division has provided a Card Utilization Review Workbook in Excel. This template can be found at <http://doas.ga.gov/state-purchasing/purchasing-tools/process-improvement-tools>.
 - b. Instructions for its use are in the *Purchasing Card Audit Guide*, also available on this website. State Entities may use this spreadsheet or any other method and provide documentation as part of the annual self-audit.

VIII. DOCUMENTATION AND ACCOUNTING

A. Documentation

1. Cardholders must maintain documentation for all transactions, including an invoice or receipt, and a log of all purchases. Refer to the "Documentation Checklist" available at <http://doas.ga.gov/state-purchasing/purchasing-tools/process-improvement-tools> for complete guidance on appropriate documentation. Invoices/receipts must meet the following minimum requirements:
 - a. Complete supplier/merchant information (name, location)
 - b. Line item details, including quantity, description, unit price, and total price
 - c. Line showing no sales tax
2. If a cardholder loses a receipt and a duplicate cannot be obtained, the cardholder should follow the Entity's internal procedures related to the use of the Lost Receipt

Affidavit, Form SPD-PC005. Use of this form more than three times during a fiscal year will result in suspension of card privileges for a period of time determined by the Card Program Administrator.

3. If cardholders perform transaction reconciliation in Works® Payment Manager or Team Georgia Marketplace™, they must follow internal procedures for handling documentation, including logs.
4. For State Entities using Works® Payment Manager for reconciliation, the “Payable Allocation Report” meets the requirements for a printed version of the log.
5. Entities using Team Georgia Marketplace™ may use the OPO201B query in PeopleSoft as a printed version of the log.

B. Monthly Reconciliation – Manual Logs

If the State Entity requires cardholders to submit manual logs to others (e.g. proxy reconciler) for reconciliation in either Team Georgia Marketplace™ or Works® Payment Manager, documentation must meet the following additional requirements:

1. If the standard P-Card Log, Form SPD_PC004A, is not used, the log used must contain the same information as shown on that form.
2. All transaction logs or monthly billing statements must be signed by the cardholder and supervisor or other approving official. Signature stamps are not permitted.
3. All invoices/receipts must be attached to the log or monthly billing statement and submitted following internal procedures.

C. Monthly Reconciliation –Team Georgia Marketplace™

1. Use of Team Georgia Marketplace™ for reconciliation eliminates the need for manual signatures on transaction logs since the sign off in that system constitutes an electronic signature.
 - a. A copy of signed manual logs or statements must be attached to the first transaction if cardholders and supervisors do not complete their own approvals in Team Georgia Marketplace™.
2. Cardholders, proxy reconcilers, supervisors, or other approving officials **MUST** enter comments and/or line descriptions for each transaction. This allows program administrators, auditors, and other third parties more oversight of transactions. Comments should include the purpose of the purchase, for whom the purchase was made, and other relevant information to allow outside parties to determine that the expense was business-related.
3. Cardholders, proxy reconcilers, supervisors, or approving officials must upload a copy of the invoice or receipt and any other relevant documentation (e.g. email correspondence) to the transaction, including those for which a purchase order was issued. Attachments must meet the following requirements:
 - a. Be a PDF document
 - b. Be legible (e.g. not too dark, not too light)

- c. Contain copies of all pages of invoices or other documents

D. Monthly Reconciliation – Works® Payment Manager

1. Use of Works® Payment Manager for reconciliation eliminates the need for manual signatures on transaction logs since the sign off in that system constitutes an electronic signature.
2. Cardholders, proxy reconcilers, supervisors, or other approving officials **MUST** enter comments and/or line descriptions for each transaction. This allows program administrators, auditors, and other third parties more oversight of transactions. Comments should include the purpose of the purchase, for whom the purchase was made, and other relevant information to allow outside parties to determine that the expense was business-related.
3. State Entities using Works® Payment Manager for reconciliation have the option to use receipt imaging, a functionality that allows users to upload electronic (e.g., PDF) copies of invoices, receipts, and other supporting documents to Works® Payment Manager. To use this option, contact the State Cards Program Director to coordinate with the Bank to make this available. All documentation must meet the following requirements:
 - a. Be a PDF document
 - b. Be legible (e.g. not too dark, not too light)
 - c. Contain copies of all pages of invoices or other documents
4. If a State Entity uses receipt imaging, the original must be maintained for at least one year from the statement billing date.

E. Allocation to the General Ledger

Timely allocation of charges to the General Ledger is essential to ensure compliance with State accounting and budgetary policies. The State Entity must ensure that all transactions are allocated to the General Ledger within 30 days of the statement billing date.

IX. USE OF THE CARD AND OTHER ACCOUNTS

All purchases made through the program must be for official State business. Internal policies governing use of the accounts can be more, but not less, restrictive than the *Statewide Purchasing Card Policy*.

Only the employee whose name appears on the face of the card is authorized to initiate transactions with the card. Use of card by any other person, even if the purchase is for legitimate State business, is considered misuse of the card.

Each State Entity must define allowable and prohibited purchases in the internal purchasing card policy.

- If the State Entity wants to adopt the *Statewide Purchasing Card Policy* list of allowed and prohibited purchases as defined below and with no changes, then a reference to the *Statewide Purchasing Policy* is all that is required.

- If a State Entity wishes to impose additional restrictions or prohibitions, then the State Entity must define these additional restrictions in the State Entity’s policy.
- Whenever a State Entity’s policy is more restrictive than the *Statewide Purchasing Card Policy*, then the State Entity policy takes precedence.
- The State Entity cannot allow purchases that are prohibited by the *Statewide Purchasing Card Policy*.

A. Allowable Purchases

The P-Card and other accounts can be used for official purchases of supplies, materials, equipment or services where not otherwise prohibited or restricted. All purchases must be within assigned spending limits unless prior written approval is received to exceed those limits. Allowable purchases include:

1. Goods and services used in the furtherance of a State Entity’s mission. For more information on services, refer to E-Verify in the *Legal Issues* section above.
2. Purchases of goods or services intended for official State of Georgia work-related use that are not otherwise excluded by the Prohibited Purchases section of this Policy.

B. Allowable Purchases – Restrictions Apply

1. Travel-Related Expenses – State Employees

State employees traveling on official State business as defined in the State Travel Regulations published by the State Accounting Office and the Office of Planning and Budget may use the Purchasing Card for:

- a. Transportation (except for airline tickets for TTE agencies)
 - i. When the mode of transportation is a vehicle rental, the rental must be from one of the Mandatory Statewide Contracts unless approved using the Waiver from Statewide Contract process defined in Section 1.3.1.1 of the *Georgia Procurement Manual*.
- b. Parking

2. Travel-Related Expenses – Non-State Employees

- a. Cardholders may use the Purchasing Card for students travelling on official school business, clients of a State Entity, and the general public when participating in an official State program or other activity for:
 - i. All types of transportation when this transportation is needed in the fulfillment of the State Entity’s mission.
 - ii. Lodging and meals for students and for clients of a State Entity when needed in the fulfillment of the State Entity’s mission.

3. Equipment

- a. Use of the P-Card for equipment is governed by the State Accounting Office policies on Capital Assets. State Entity policy may impose additional restrictions.

- i. For State Agencies, Commissions, and Boards that use the State Accounting Office version of PeopleSoft – Single units under \$5,000 per unit, including freight, and comply with STL as outlined by State Policy.
 - ii. For colleges under the authority of the Technical College System of Georgia – Single units under \$1,000 per unit, including freight.
 - iii. For colleges and universities under the authority of the Board of Regents – Single units under \$3,000 per unit, including freight, and comply with STL as outlined by State Policy.
- 4. Vehicle-Related Transactions
 - a. Car washes are permitted provided a State Entity allows this type of purchase in the internal policy.
- 5. Software, Data Plans, and “Apps ”
 - a. Software, unless prohibited by State Entity internal policy, can be purchased with the following restrictions:
 - i. Data plans, software, or applications (apps) for State-issued computers, smart phones, and tablets only (e.g. iPhone, Android, iPad).
 - ii. Purchases cannot be made for personal devices even if used for business purposes.
- 6. Food or Meals
 - a. Food provided for consumption at events or services provided to the general public, state benefit recipients and/or state program participants, or purchased for resale in gift shops, bookstores, or similar venues, and other non-employee meal related use.
 - b. Non-travel related meals for State employees that meet the State Accounting Office definition of group meals. For complete information, search for Statewide Travel Policy on the SAO website.
 - c. Meals only when the cost of the meal is included in the total cost (e.g. a conference fee of \$1,500 that includes three meals).
 - d. Food and lodging for student activities, but not for faculty, staff, coaches, or other school employees, when on official school business (e.g. athletic team travel). Documentation for the purchase must include:
 - i. Itemized receipt showing all meals purchased
 - ii. Roster of participants showing student name and signature
 - iii. Copy of team schedule or other documentation showing that the meal was for an authorized student activity
 - e. Food for official research, laboratory animals, or instructional/classroom use.
 - f. Food for school-sponsored childcare (e.g. day care center at a school).
 - g. Alcoholic beverages, such as cooking wine, for instructional or classroom use only. The following steps must be followed:
 - 1) Document the purchase showing that the purchase was for instructional use.

- 2) Create and document steps to ensure that the alcohol is either completely used or disposed of or properly secured between usage to prevent consumption in non- classroom activities.
- 3) When possible, purchase the alcohol from instructional/culinary arts supply sources rather than a grocery or package store.

C. Prohibited Purchases

The following types of purchases are strictly prohibited either by Official Code of Georgia, Annotated (O.C.G.A.), or to meet reporting requirements of the State or specific State Entities:

1. Goods or services not directly related to job responsibilities or other official State of Georgia business (i.e. personal purchases).
2. Data plans, software, or applications (apps) for non-State Entity issued devices, including, but not limited to, smart phones, laptop computers, and tablets.
3. Memberships at wholesale warehouses and shopping clubs (e.g. Sam's, Costco, Amazon Prime)
4. Cash advances
5. Gift cards, stored value cards, calling cards, and similar products.
6. Employee travel expenses related to lodging and meals, except as specifically covered under Allowable Purchases.
 - a. Certain Agencies may request an exception to this requirement in the event of a declared emergency.
 - b. Use Special Approval Request, Form SPD-PC003, for this request.
7. Entertainment (e.g. in-room movies for State employees traveling on business). This restriction ***does not*** apply to student activities at units of the University System of Georgia or the Technical College System of Georgia or to items purchased for resale at bookstores located at these colleges, universities, and technical colleges.
8. Alcoholic beverages or products except as permitted in Section VII.B. above
9. Tobacco products
10. Fuel, mechanical repairs, and maintenance for State-owned or rental vehicles. Exceptions may be granted upon verification of procedures to enter costs into VITAL, the State's fleet management system administered by the DOAS Office of Fleet Management.
 - a. This restriction does not apply to non-mechanical body shop repairs (e.g. dented bumper) not covered under the State's vehicle maintenance contract.
 - b. This restriction does not apply to auto parts for in-house use (e.g. Entity-operated repair shops) or for teaching purposes.
11. Airline tickets for all TTE agencies.

D. Declared Emergencies and Natural Disasters

The *Georgia Procurement Manual* grants authority to forego standard procurement requirements for needs arising from unforeseen causes. In cases involving the welfare of the

general public, extreme weather conditions, or official declared emergencies, the Program Administrators are allowed to obtain after-the-fact approval for exceptions to this Policy.

1. The Program Administrator must submit the Form SPD-PC003, Special Approval Request, to notify the State Cards Program Director and OPB within 72 hours of any actions taken in response to these emergencies and the nature of the actions taken.
2. Documentation for transactions must follow guidelines for emergency purchases as contained in the *Georgia Procurement Manual*, including use of and retention of Form SPDNI005, Emergency Justification Form, available in the SPD Official Forms section of Agency Resources on the State Purchasing Division website.

Key personnel responsible for implementing a State Entity's response to emergencies must know how to contact the State Entity's APO/CUPO, the Card Program Administrator, and the back-up Card Program Administrator. State Entity procurement personnel should have access to State Purchasing Division and Bank contact information in order to address card-related issues, including, but not limited to, corporate credit limit, individual card credit limits, and Merchant Category Code groups.

E. Sole Source / Sole Brand Purchases

The P-Card and other accounts may be used for purchases resulting from sole source or sole brand acquisitions provided those goods/services are not identified in the prohibited subsection. Guidelines for Sole Source and Sole Brand purchases are found in the Georgia Procurement Manual.

1. Any request for a Single Transaction Limit of \$5,000 or more that would qualify as a Sole Source and/or Sole Brand must include the appropriate forms per instructions in the *Georgia Procurement Manual* in effect at the time of the transaction.
2. These forms and instructions for their use are available on the State Purchasing Division website. These forms must also be attached to the transaction log and/or monthly billing statement as documentation for the transaction. Official forms are available on the SPD website.

X. SURCHARGES & CONVENIENCE FEES

Many suppliers charge a credit card processing fee or convenience fee for accepting credit cards including the P-Card. These types of fees are strictly regulated by Visa and MasterCard (also called the Associations).

A. Surcharges

According to Visa's Card Acceptance and Chargeback Management Guidelines for Merchants (Merchants is synonymous with suppliers) available on Visa's website, credit card surcharges are allowed but cannot be more than the amount the supplier's bank charges them for

processing the transaction. Also, the supplier cannot charge both a surcharge and a convenience fee, explained below.

The maximum allowable surcharge is 4% and must be shown as a line item on the details invoice or receipt. Whenever a supplier charges a surcharge, the following rules apply:

1. The supplier must have provided Visa and their merchant bank at least 30 days' notification of the intent to impose surcharges.
2. The fact that the supplier imposes these charges must be clearly posted on the door and at point-of-sale for physical locations and on websites when sales are made via the internet and inform the customer:
 - a. Of the exact percent of the surcharge
 - b. That it is being assessed by the supplier and is only applicable on credit transactions
 - c. That it is not greater than what the supplier pays to Visa.

For any transaction where the supplier has charged a surcharge, a State of Georgia cardholder must obtain a copy of the acknowledgement letter sent to the supplier by VISA authorizing the supplier to impose a surcharge. This copy must be maintained with the invoice and all other documentation for the transaction, including uploading to Team Georgia Marketplace™, if applicable. In the event of a regular supplier, a copy on file with the Card Program Administrator will be sufficient.

B. Convenience Fees

Convenience fees for certain transactions can be paid if they are charged in compliance with Visa rules. The State of Georgia P-Card and other accounts are Bank of America Visa accounts; therefore, Visa regulations apply.

Convenience fees are allowed if they are charged in compliance with Visa rules. For merchants who offer an alternate payment channel (i.e., mail, telephone, or e-commerce) for customers to pay for goods or services, a convenience fee may be added to the transaction amount. If the merchant chooses to assess a convenience fee to its customers, the merchant must adhere to the following rules.

- The fee is being charged for a bona fide convenience of using an alternative payment channel outside the merchant's normal business practice.
- The fee
 - must be disclosed to the customer as a charge for the alternative payment channel convenience.
 - is applied only to transactions that are not face-to-face.
 - must be a flat or fixed amount, regardless of the amount of the payment due.
 - is applied to all forms of payment products accepted in the alternative payment channel.

- is included as part of the total transaction amount.
- cannot be added to a recurring transaction.
- is assessed by the merchant that provides the goods or services to the cardholder and not a third party.
- The customer must be given the opportunity to cancel prior to the completion of the transaction.

Visa is very clear about what a convenience fee is and how and when it can be charged. As a result, many suppliers that charge fees do so incorrectly and are therefore out of compliance with Visa regulations.

Examples of common violations of Visa’s convenience fee policy include, but are not limited to, the following

- Charging a tiered or percentage based fee. Only a flat fee regardless of the transaction amount is allowed.
- Charging a fee for a transaction below or above a certain dollar amount. Convenience fees must be charged on all transaction regardless of amount.
- Charging the fee in person for face-to-face or point of sale transactions. The fees can only be applied to transactions via the mail, telephone or internet.
- Charging only for Visa or credit card transactions. Convenience fees must be applied to all payment methods accepted via that channel.
- Calling the fee a processing fee, credit card fee, surcharge or anything other than a convenience fee. The fee is designed to offset the cost of the convenience, not the cost of accepting credit cards.
- Charging higher prices for credit card purchases versus checks or cash. Note: Suppliers may offer a cash discount to customers paying with cash in person.
- Charging a convenience fee via the internet when that is the supplier’s only normal business practice. If the supplier sells only on the internet, there is no convenience versus coming in to a retail location; therefore, no convenience fee can be charged.

There are many ways a supplier’s actions can fall outside Visa’s guidelines. As such, only suppliers in compliance with the guidelines shall be allowed to receive convenience fees via the P-Card and/or other accounts.

One example of an allowable convenience fee is a utility that charges a convenience fee for paying a bill via the phone or internet versus having to come to an office and drop off a payment. As long as the convenience fee is a flat fee and is charged to all transactions accepted via the phone or internet (such as all card types, electronic checks, etc.), it is acceptable on a P-Card transaction.

Convenience fees charged in accordance with the Visa guidelines quoted above are permitted on the P-Card or other accounts. For clarifications, please consult your Entity’s P-Card

Administrator or contact the State Cards Program Director. Violations of the Visa guidelines should be reported to the State Cards Program Director as merchants can be reported to Visa through Bank of America.

DEFINITIONS

Approver	The Approver is normally the supervisor to whom a Cardholder reports for authorization to purchase required supplies and services. Two approvers are required before a purchase is made. Approvers also participate in the reconciliation of Cardholder accounts, ensuring proper procedures are followed when purchasing supplies or services and verifying the information is properly reconciled after the Reconciler has completed the reconciliation of transactions. Policy prohibits a subordinate from acting as an Approver in any phase of the transaction.
Card Abuse	Use of the card for non-State business use purchases (personal purchases). See definitions of card misuse and fraud.

The Reconciler role can be given to either the cardholder or assigned to a proxy to reconcile on the cardholder’s behalf. Each card must have only one reconciler; however, one reconciler can be the sole reconciler on multiple cards.</p>

This term should not be confused with any eProcurement options offered for units of the University System of Georgia</p>

Unplanned, non-routine purchases

Expenses that are not expected in advance or are irregular in the standard course of the Entity's normal operation. These instances could include but are not limited to a part due to a plumbing emergency, services needed for a repair, fans needed during an HVAC outage, a tool needed for an immediate repair, and repair/replacement of a lock.
