State Purchasing Division

A nighttime photograph of a city skyline. The buildings are illuminated with various lights, and a prominent domed building is visible on the right side. The sky is dark, and the overall scene is a dense urban environment.

Ensuring reliable sources of goods and services at the lowest possible cost while promoting fair and open competition and small business opportunity to maximize government efficiency and compliance.

- State Purchasing is the centralized office responsible for the purchase of more than \$4.5 billion of goods and services each year
- Delegates Purchasing Authority to State Agencies
- Promotes equal access and competition among suppliers
- Encourages local and small business participation

Order of Precedence

- Any employee requesting the purchase of a service and/or product must first check the Order of Precedence for purchasing
- Only after checking first 3 tiers, can we procure from the Open Market

Order of Precedence – Statewide Contracts

State Purchasing establishes competitive statewide contracts for a variety of products, services, and equipment that are needed by state entities. Statewide contracts include commonly used commodities such as office furniture, motor vehicles, temporary staffing and building supplies.

- **Mandatory Statewide Contracts**
- **Convenience Statewide Contracts**

Statewide contracts are put in place for an initial term with renewable options.

SUPPLIERS

There are two types of companies when registering to do business with the State:

- Sourcing Bidders are companies that register as never having received business from any state of Georgia entity
- Suppliers are companies that have previously received a remittance, purchase order or contract award from the state of Georgia

Many people vary on their use of the words bidders, vendors, and suppliers. The term "bidders" refers to any company bidding on a certain item or product. But the distinction of the terms "suppliers" and "bidders" is only important during registration in Team Georgia Marketplace™.

Below, please find a host of resources for Suppliers and Bidders looking to secure and maintain a business relationship with the State of Georgia.

UNDERSTANDING BIDS AND CONTRACTS

Team Georgia Marketplace is the center for e-business matching Georgia government buyers with sellers. The electronic procurement system is designed to improve practical capacity, information tracking and procurement technology for government entities. [Registering in Team Georgia Marketplace](#) is the first step for companies wishing to do business with the state.

Bid Opportunities

Contract opportunities are posted by state and local government buyers via the [Georgia Procurement Registry \(GPR\)](#), a free web-based advertising system. Suppliers should check the GPR for potential bid opportunities from Team Georgia Marketplace and eSource.

Statewide Contracts

By leveraging the state's purchasing power, State Purchasing establishes competitive statewide contracts for a variety of products, services, and equipment. State and local governments can benefit from the convenience and competitive pricing of these pre-established contracts. Statewide contracts include commonly used commodities such as office furniture, motor vehicles, temporary staffing, building supplies, and many other commodities and services. These contracts are classified as mandatory or convenience. For more information on statewide contracts, visit the [Statewide Contract Index](#).

STATE PURCHASING DIVISION

The State Purchasing Division (SPD) oversees the procurement functions for the State of Georgia and manages all policies related to procurement. SPD negotiates Statewide Contracts and provides technical assistance to State Entities in conducting and evaluating entity-specific competitive bids. We also provide electronic sourcing tools that allow procurement professionals to post and award their own competitive bids. SPD manages and monitors use of State purchasing cards, procurement tools that allow State employees to obtain goods and services quickly and efficiently. SPD also offers training, including a certification program, to provide procurement professionals with the knowledge and skills they need to perform their job duties within the legal and policy constraints of the State of Georgia.

State of Georgia Business Definitions

Georgia Resident Business: Any business that regularly maintains a place from which business is physically conducted in Georgia for at least one year prior to any bid or proposal to the state, or;

A new business that is domiciled in Georgia and which regularly maintains a place from which business is physically conducted in Georgia, however, that place from which business is conducted shall not include a post office box, a leased private mailbox, site trailer, or temporary structure (OCGA 50-5-121, 50-5-122).

Small Business: A business which is independently owned and operated with either fewer than 300 employees or less than \$30M in gross receipts per year (OCGA 50-5-121, 50-5-122).

Georgia Resident Small Business: A business which meets criteria for both Georgia Resident Business and Small Business.

Business Status Considerations

Minority-Owned Business

Any business that is 51% owned and controlled by one or more minorities and is authorized to do and is doing business under the laws of the state of Georgia, paying all taxes duly assessed and domiciled within this state (OCGA 50-5-131).

- The state of Georgia recognizes five minority groups: Asian American, Native American, African American, Hispanic/Latino and Pacific Islander.

Certified Minority Business Enterprise

The process for certifying as a Minority Business Enterprise (MBE) pursuant to OCGA 50-5-130 and as a Minority Subcontractor pursuant to OCGA 48-7-38 with the Georgia Department of Administrative Services (DOAS) is streamlined.

It involves using the Georgia Department of Transportation's (GDOT) Uniform Certification application and personal net worth affidavit for Disadvantaged Business Enterprises (DBEs) as the central certification forms. This will result in dual certification with both GDOT DBE and DOAS MBE.

- **Georgia law permits an income tax adjustment on the state tax return of any company that subcontracts with a certified minority-owned firm to furnish goods, property or services to the state of Georgia.**

State of Georgia Purchasing Card Program

Benefits of Credit Card Acceptance

- Reliability – If Visa regulations are followed, face-to-face transactions are guaranteed. For internet, mail order & telephone transactions, payments from the State are very low risk
- Security – No returned checks, no cash loss or theft
- Convenience – Faster payments (usually paid within 24 – 48 hours). No Accounts Receivable hassles, following up on invoices or need to wait for checks and then deposit them – payment is streamlined. This equates to better cash flow
- Increased Sales – Merchants that accept cards generally benefit from higher average tickets and higher total sales
- Customer Preference and Convenience – “...more cards than all other major payment brands combined” according to Visa, Q4 2006

Supplier Training

Training includes web-based videos, quick reference guides, webinars, and classroom-based Orientations and Seminars across the State!

SUPPLIER TRAINING

Supplier Orientations

Supplier orientation sessions feature information on how to register your company to be on the state's supplier list and establish your eligibility to receive bid notices. At these sessions, general information will be given about the purchasing process and the various kinds of purchases that are made by government entities.

[Click here to Register](#) for a Supplier Orientation.

Supplier Webinars

During these sessions, companies are shown the steps to respond to bids in Team Georgia Marketplace and eSource. They will learn how to search the Georgia Procurement Registry for open and awarded solicitations, and download and attach required documents. They will also be shown important things to remember as they navigate through the state's procurement process. If information is needed about specific events, Suppliers are encouraged to contact the associated Buyer for said solicitation.

Visit the supplier training [calendar](#) for all scheduled Orientation and Webinar sessions.

Pre-Recorded Training Webinars

Real-time training for suppliers is listed below. Companies can view pre-recorded training webinars or review quick reference guides for assistance with Team Georgia Marketplace and eSource functions.
