

State of Georgia Business Certification Program

Frequently Asked Questions (FAQs)

What is the new State of Georgia Business Certification program?

The new Georgia Business Certification program was established through [House Bill \(HB\) 128](#), which was signed by Governor Brian P. Kemp on **Monday, April 24, 2023**, in Augusta, Georgia! HB 128 is a direct response to the [Governor's executive order](#) issued on July 13, 2022, which directed the Department of Administrative Services (DOAS) to address challenges that small businesses, with a focus on **minority-owned, women-owned, and veteran-owned businesses**, experience in the state's procurement process.

The bill aims to expand DOAS' minority business enterprise certification program to include women-owned and veteran-owned businesses. It also gives DOAS the authority to adopt policies to implement the certification program.

When will the new certification program take effect?

The new business certification program is effective January 1, 2024.

How does this program differ from the previous program?

Previously, Georgia law only authorized DOAS to certify small, minority-owned businesses that had been certified through the federal disadvantaged business enterprise (DBE) program. House Bill 128 amended Georgia law to remove the requirement that small, minority-owned businesses must meet the federal definition of a disadvantaged business enterprise. In addition, DOAS' certification authority was expanded from a single certification type to include six certification options:

- minority-owned
- veteran-owned
- women-owned
- small minority-owned
- small veteran-owned
- small women-owned

Who qualifies to apply for this certification?

Georgia-based minority-owned, women-owned, and veteran-owned businesses can apply to obtain the state's business certification.

What defines a minority-owned business?

A minority-owned business is any business that is at least 51% owned and controlled by one or more minorities and is authorized to do and is doing business under the laws of the State of Georgia, paying all taxes duly assessed, and domiciled within this State (O.C.G.A. Section 50-5-131). The State of Georgia recognizes five ethnic minority groups: African American, Asian-Pacific American, Asian-Indian American, Hispanic, and Native American.

What defines a veteran-owned business?

A veteran-owned business is any business that is at least 51% owned and controlled by one or more veterans; and is authorized to do and is doing business under the laws of the State of Georgia, paying all taxes duly assessed, and domiciled within this State (O.C.G.A. Section 50-5-131). Veteran means an individual who served on active duty with the Army, Air Force, Navy, Marine Corps, Space Force, or Coast Guard for any length of time and did not receive a dishonorable discharge. Veteran also means an individual who served as a reservist or member of the National Guard who was called to federal active duty.

What defines a women-owned business?

A women-owned business that is at least 51% owned and controlled by one or more women and is authorized to do and is doing business under the laws of the State of Georgia, paying all taxes duly assessed, and domiciled within this State (O.C.G.A. Section 50-5-131).
