GA@WORK

Revised Go-Live Date

Timeline Changes

What's happening?

The go-live date for GA@WORK is moving from
April 2026 to July 2026
This includes HCM/Payroll, Finance and Procurement.

What's Changing?

- **Fiscal Year** – Will go live on a fiscal year, so conversion, scope, and deployment (cutover) activities will be adapted to reflect a fiscal year go-live.
- **Agencies** – Due to unique challenges, GDOT will go-live at a later date.
- **Training** - The training timeline is being adjusted.

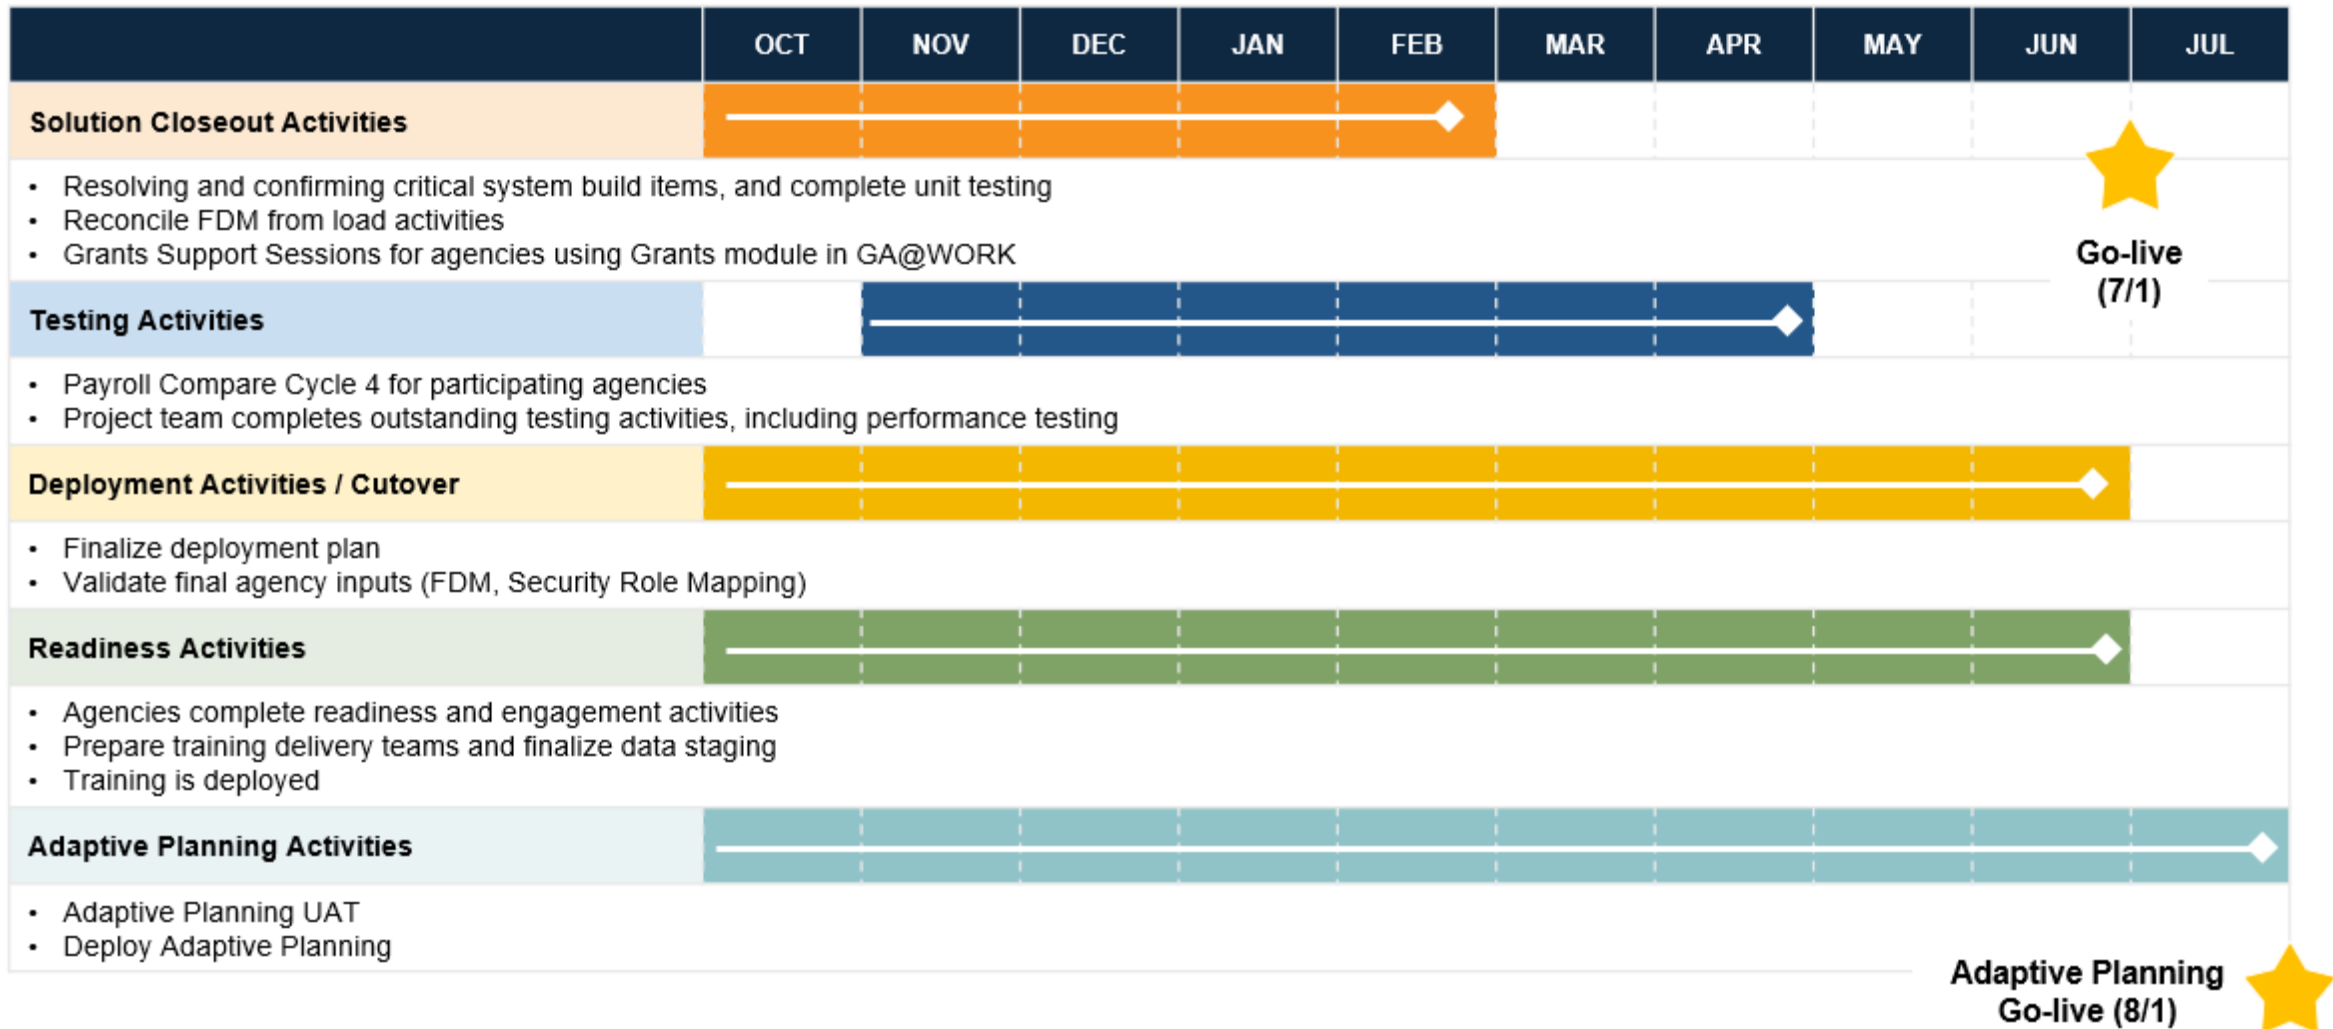

What's Not Changing?

- **Project activities will continue as planned** – Agencies continue to engage with the project team (submit Super Users, continue data cleanup, complete the Agency Login/Authentication Readiness Form, participate in Payroll Compare, etc.)
- **Project scope** – No new functionalities or development work is being considered as part of the timeline extension

Next Steps

Additional and new details will be shared in upcoming Stakeholder meetings.

Cutover Deadlines for Team Georgia Marketplace™ Solicitations

Cutover Deadlines

To support system transition activities, supplier access to the Team Georgia Marketplace™ Supplier Portal for bidding activities will be cut off leading up to Go-Live. The cutoff date has not yet been finalized.

State entities **publishing new or managing existing** electronic solicitations through Team Georgia Marketplace™ (TeamWorks/PeopleSoft) must ensure all events are **under evaluation (no longer open for bidding) by May 4, 2026, including:**

- Requests for Proposals (RFPs)
- Requests for Quotes (RFQs)
- Requests for Qualified Contracts (RFQCs)
- Requests for Information (RFIs)

Cutover Deadlines - Exceptions

- **IMPORTANT:** If there is a need to maintain an open solicitation or post a new solicitation in Team Georgia Marketplace™ (TeamWorks/PeopleSoft) after the **May 4th deadline** has passed, please submit a request.
- SPD will work with all impacted state entities to either grant exceptions, as applicable, or provide an alternative solution.
- Toni Owens from the Agency Sourcing team will be reaching out to agencies for any updates to agency pipelines.
- DOAS will provide instructions on how to finalize TeamWorks sourcing events that are not awarded or cancelled prior to Go-Live.
- **Requests for SPD Agency Sourcing Assistance:**
https://service.doas.ga.gov/app/answers/detailopa/a_id/1603

Important Reminders

IMPORTANT: Note that state entities are not being instructed to stop procurement activities.

Please work with SPD to ensure there are no negative impacts to your entity.

If you have questions, please reach out to: agency.sourcing@doas.ga.gov.

Strategic Sourcing Benefits and Changes

What is Strategic Sourcing?

DEFINITION:

Strategic sourcing is a key procurement activity to support the state's selection of suppliers to provide quality goods, services and technology at competitive pricing. Strategic sourcing encompasses the state's competitive solicitation process.

The Sourcing module of the GA@WORK Marketplace is used to create, publish, manage, and award solicitations, which are also called sourcing events.

What types of events are managed through the Sourcing module?

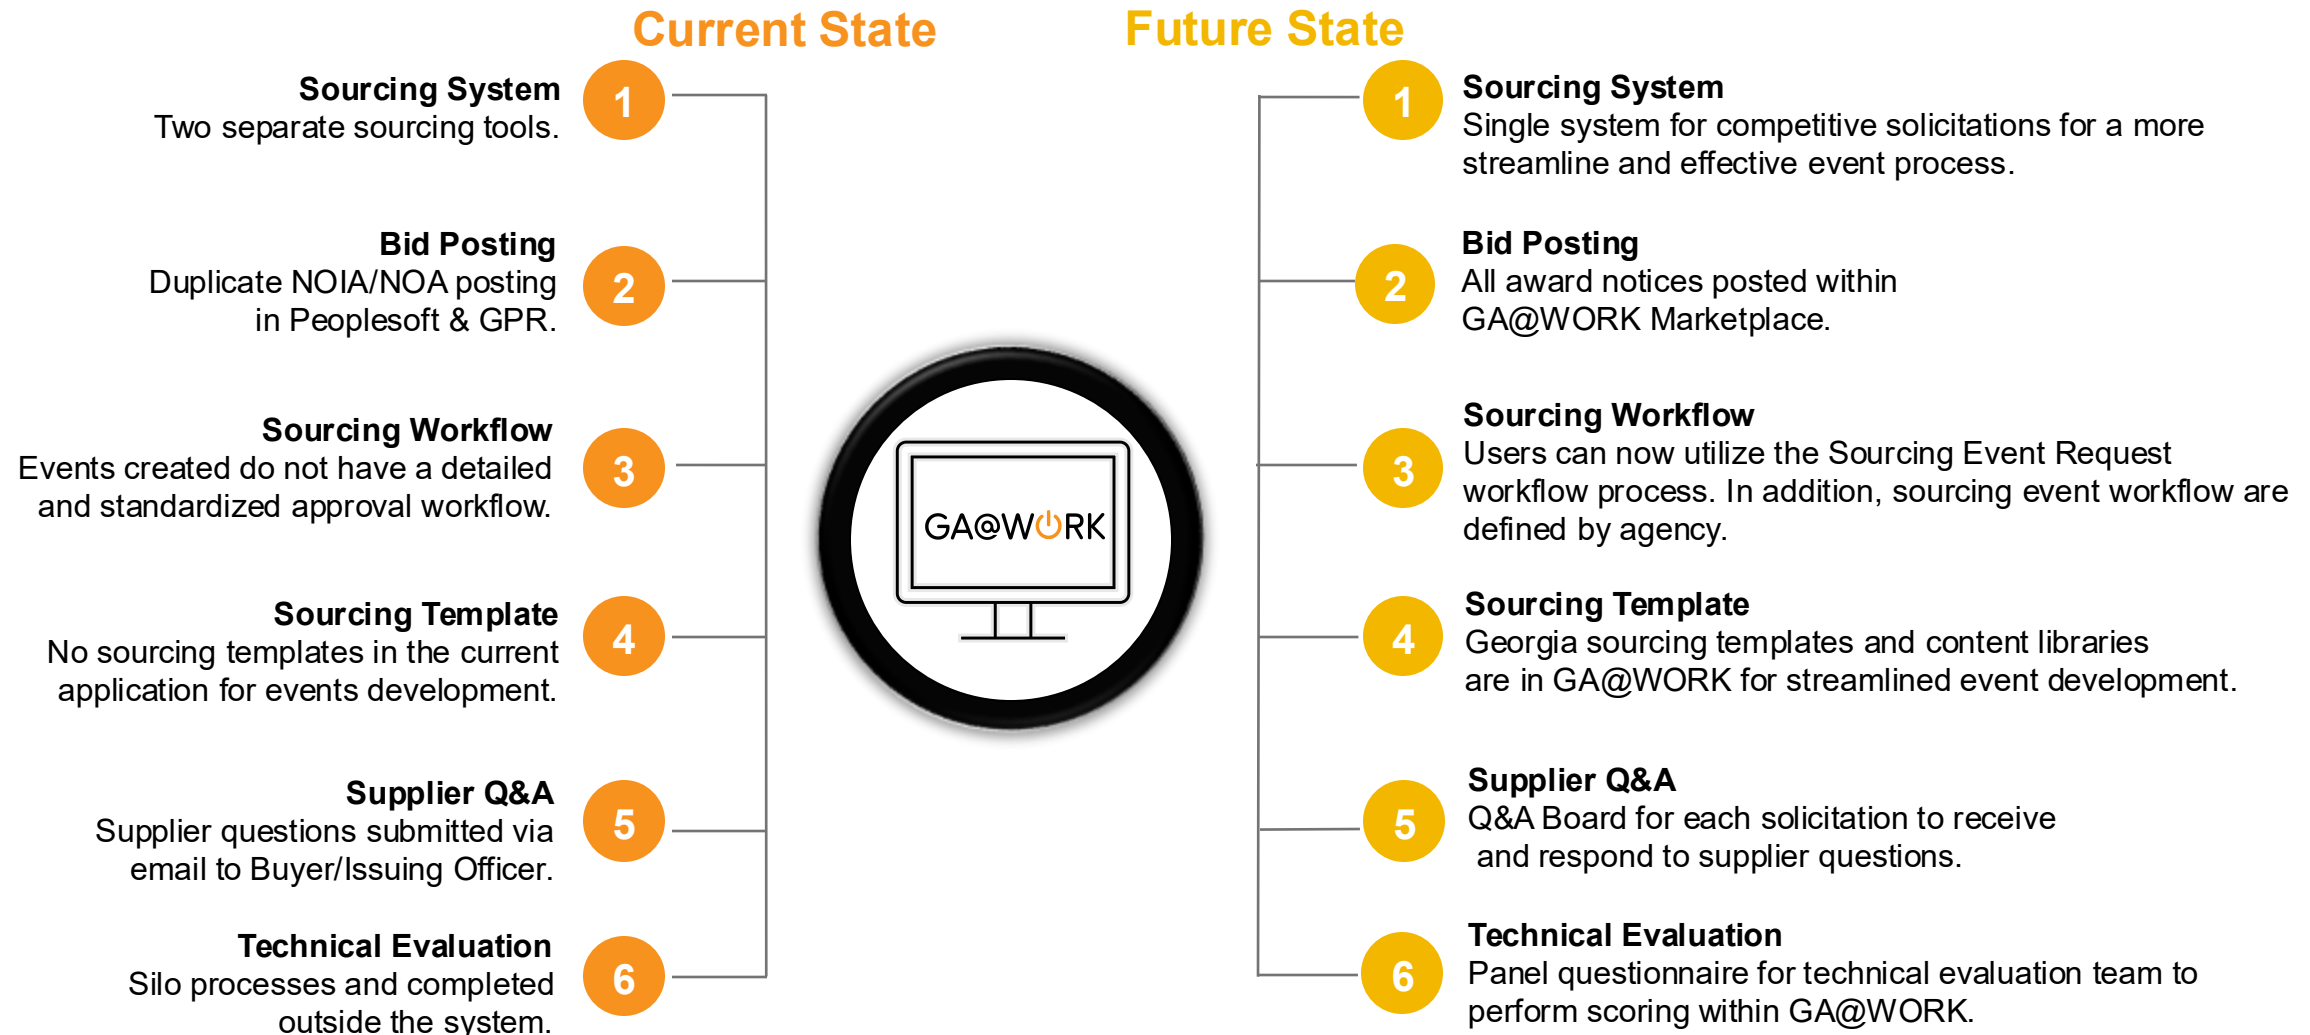

The most common types of sourcing events include:

- Requests for Information (RFIs)
- Requests for Quotes (RFQs)
- Requests for Proposals (RFPs)
- Requests for Qualified Contractors (RFQCs)

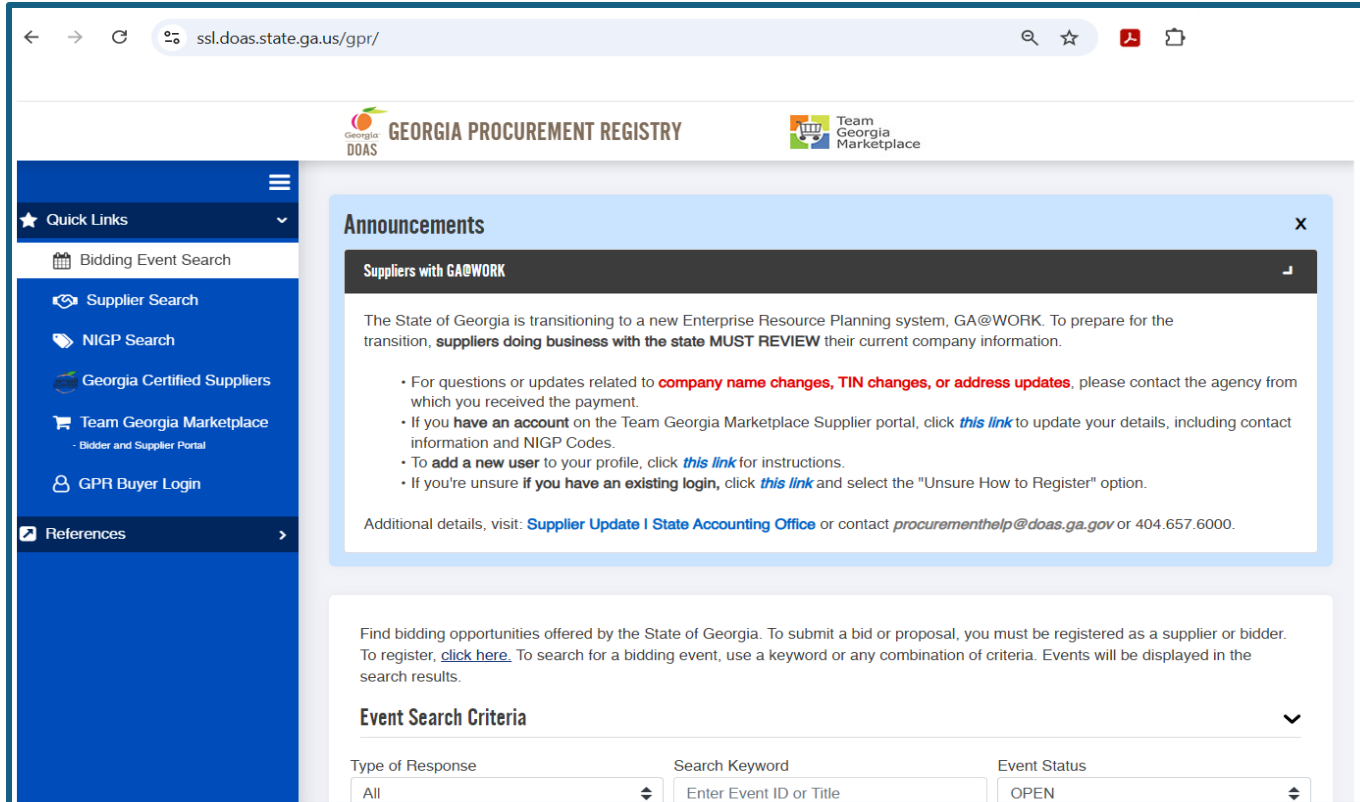

Pro Tip: Sole source notices and cooperative purchasing notices are not managed through the Sourcing module. The buyer must create and manage these public notices directly through the Georgia Procurement Registry.

Key Changes and Benefits

Georgia Procurement Registry

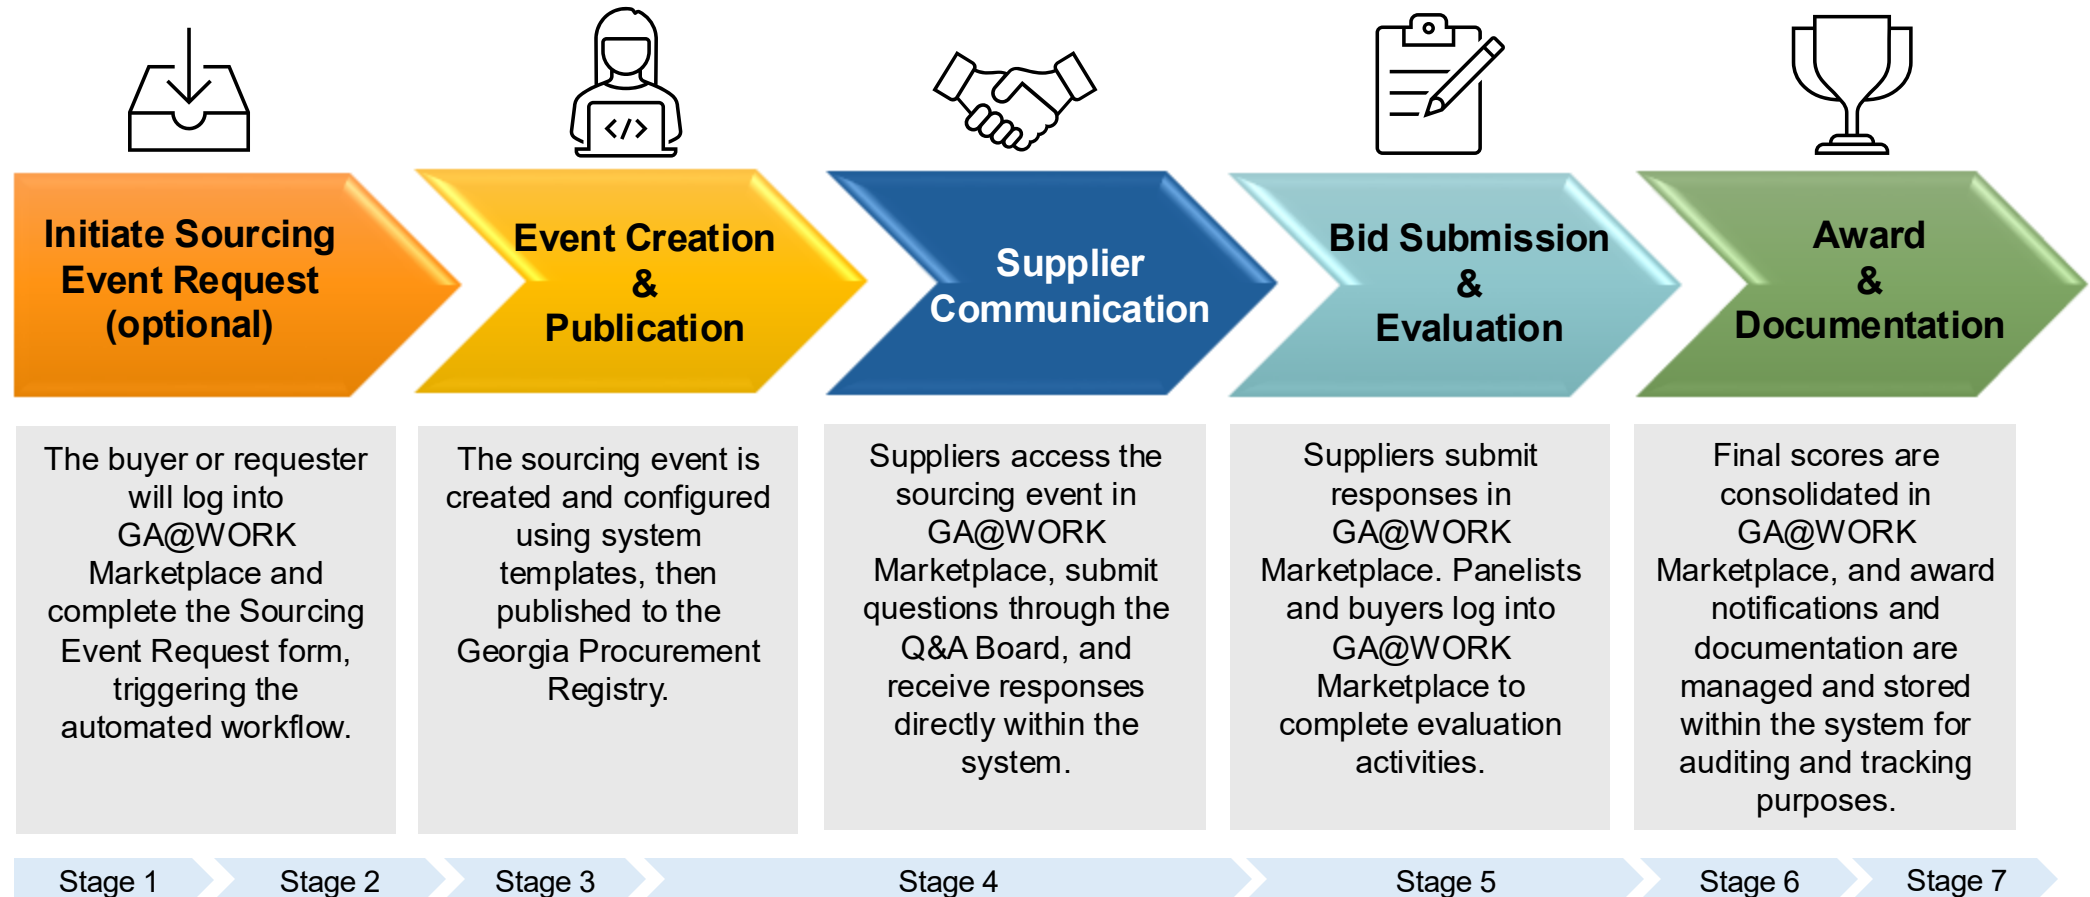

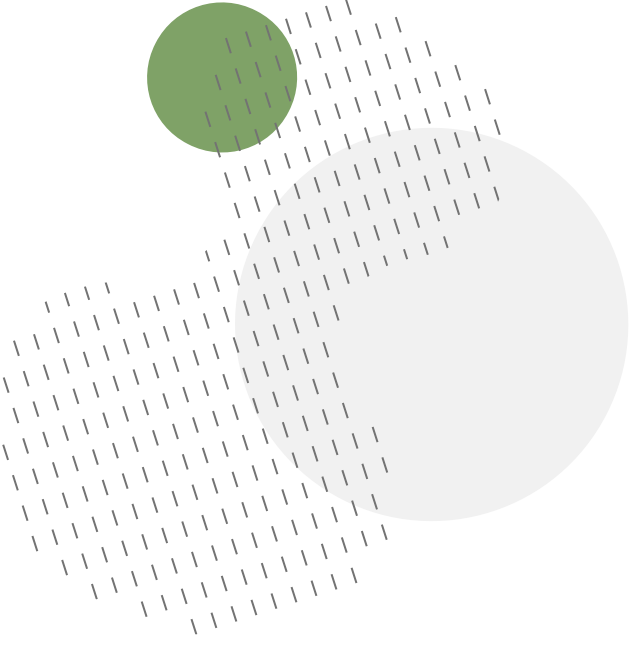

Important to Note:

- The Georgia Procurement Registry (GPR) is not going away.
- Events published through Sourcing are visible on GPR.
- Use GPR to conduct sole source and cooperative purchasing notices.

Sourcing Process Flow

This is a basic overview of a process flow in Strategic Sourcing. Work with your state entity and in **GA@WORK Marketplace** for any specifics to your state entity.
