How To File A Claim

There's no paperwork to submit for Covered Services received from a Participating Provider. Pay Your share of the cost, if any; Your provider will submit a claim to Us for reimbursement. Claims for services received from a Non-Participating Provider can be submitted by the provider if the provider is able and willing to file on Your behalf. If Your plan provides coverage when care is received only from a Participating Provider, You may still have claims for services received from a Non-Participating Provider. For example, when Emergency Services are received from a Non-Participating Provider, You should follow the claim submission instructions for those claims. Claims can be submitted by the provider if the provider is able and willing to file on Your behalf. If the provider is not submitting on Your behalf, You must send Your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on Your identification card, if You received one, or by calling Customer Services using the toll-free number listed below.

Cigna's Toll-Free Number(s):

Eligibility - Effective Date

Eligible Classes

Each Employee as reported to Us by The Policyholder.

Your Insurance

This plan is offered to You as an Employee of the Policyholder.

Eligibility for Dental Insurance

You will become eligible for insurance on the day You complete the Eligibility Waiting Period, if any, and:

- You are an eligible Full-Time Employee as determined by Your Employer; and
- You pay any required contribution.

Eligibility Waiting Period - New Hire

If you had coverage under a prior health benefit plan within 90 days of your enrollment under this plan, you are not required to satisfy any waiting period for this plan.

Your Waiting Period is:

- A period of time as determined by Your Employer.

Effective Date of Your Insurance

Subject to any Eligibility Waiting Period, You will become insured on:

- the date that:
 - You are in Active Service and You elect the insurance by:
 - authorizing premium payment,
 - approving a payroll deduction,
 - signing a written agreement with the Policyholder to make the required contribution, or
 - signing an enrollment form, as applicable,but no earlier than the date You become eligible.

To be insured for these benefits, You must elect the insurance for Yourself no later than 30 days after Your retirement.

You will become insured on Your first day of eligibility, following Your election, if You are in Active Service on that date, or if You are not in Active Service on that date due to Your health status.

Dependent Insurance

For Your Dependents to be insured under the Policy, You must elect the Dependent Insurance for Yourself no later than 30 days after You become eligible. For Your Dependents to be insured, You will have to pay the required contribution, if any, toward the cost of Dependent Insurance.

Eligibility for Dependent Insurance:

Your Dependent will become eligible for Dependent Insurance on the later of:

- the day You meet the eligibility requirements noted above; or
- the day You acquire Your first Dependent.

Effective Date of Dependent Insurance

Insurance for Your Dependents will become effective on the date You elect it, by signing a written agreement with the Policyholder to make the required contribution, but no earlier than the day You become eligible for Dependent Insurance. All of Your Dependents as defined will be included.

Your Dependents will be insured only if You are insured.

Eligibility for Coverage for Adopted Children

Any child who is adopted by You, including a child who is placed with You for adoption, will be eligible for Dependent coverage, if otherwise eligible as a Dependent, upon the date of placement with You. A child will be considered placed for adoption when You become legally obligated to support that child, totally or partially prior to that child's adoption. If a child placed for adoption is not adopted, all dental coverage ceases when the placement ends, and will not be continued. The provisions in the Exception for Newborns provision that describe requirements for enrollment and Effective Date of

insurance will also apply to an adopted child or a child placed with You for adoption.

Exception for Newborns

Any Dependent child born while You are insured will become insured on the date of the child's birth if You elect Dependent Insurance no later than 31 days after birth. If You do not elect to insure Your newborn child within such 31 days, coverage for that child will end on the 31st day. No benefits for expenses incurred beyond the 31st day will be payable.

Dual Eligibility

If both You and Your Spouse are in an Eligible Class of the Employer, You may each enroll individually or as a Dependent of the other, but not as both. Any eligible Dependent child may also be enrolled by either You or Your Spouse. If the Spouse who enrolls for Dependent coverage ceases to be eligible, notify Your Plan Administrator immediately for coverage to continue under the plan of the other Spouse.

Combined Dental Option Plans:

Important Information about Your Dental Plan

When You elected Dental Insurance for Yourself and Your Dependents, You elected one of the two options offered:

- Cigna Dental Preferred Provider

Details of the benefits under each of the options are described in separate certificates/booklets.

When electing an option initially or when changing options as described below, the following rules apply:

- You and Your Dependents may enroll for only one of the options, not for both options.
- Your Dependents will be insured only if You are insured and only for the same option.

Change in Option Elected

If Your plan is subject to Section 125 (an IRS regulation), You are allowed to change options only at Open Enrollment or when You experience a "Life Status Change."

If Your plan is not subject to Section 125, You are allowed to change options at any time.

Consult Your plan administrator for the rules that govern Your plan.

Effective Date of Change

If You change options during open enrollment, You (and Your Dependents) will become insured on the Effective Date of the plan. If You change options other than at open enrollment (as allowed by Your plan), You will become insured on the first day of the month after the transfer is processed.

Covered Dental Expenses

Dental services described in this section are Covered Dental Expenses when such services are:

- Medically Necessary and/or Dentally Necessary (refer to the Section entitled Definitions);
- Provided by or under the direction of a Dentist or other appropriate provider as specifically described;
- The least costly, clinically accepted treatment; Covered after Your Deductible, if any, has been met;
- Eligible for reimbursement because the maximum benefit in The Schedule has not been exceeded;
- The charge does not exceed the amount allowed under the Alternate Benefit Provision;
- Not excluded as described in the Section entitled General Limitations and Expenses Not Covered.

Alternate Benefit Provision

If more than one Covered Service will treat a dental condition, payment is limited to the least costly service provided it is a professionally accepted, Medically Necessary and/or Dentally Necessary, and appropriate treatment.

If the Covered Person requests or accepts a more costly Covered Service, he or she is responsible for expenses that exceed the amount covered for the least costly service. Therefore, We recommend Predetermination of Benefits before major treatment begins.

Predetermination of Benefits

Predetermination of Benefits is a voluntary review of a Dentist's proposed treatment plan and expected charges. It is not preauthorization of service and is not required. The treatment plan should include supporting pre-operative x-rays and other diagnostic materials as requested by Our dental consultant. If there is a change in the treatment plan, a revised plan should be submitted. We will determine Covered Dental Expenses for the proposed treatment plan. If there is no Predetermination of Benefits, We will determine Covered Dental Expenses when We receive a claim.

Review of proposed treatment is advised whenever extensive dental work is recommended when charges exceed \$200. Predetermination of Benefits is not a guarantee of a set payment. Payment is based on the services that are actually delivered and the coverage in force at the time services are completed.

The Schedule lists Covered Services, if a service is not listed there is no coverage.

Payment Options

If You or any one of Your Dependents, while insured for these benefits, incurs Covered Dental Expenses, We will pay an amount determined as follows:

Dental PPO - Participating and Non-Participating Provider Payment

Plan payment for a Covered Service delivered by a Participating Provider is the Contracted Fee for that procedure, times the benefit percentage that applies to the class of service, as specified in The Schedule. The Covered Person is responsible for the balance of the Contracted Fee.

Plan payment for a Covered Service delivered by a Non-Participating Provider is the Maximum Reimbursable Charge for that procedure times the benefit percentage that applies to the class of service, as specified in The Schedule. The Covered Person is responsible for the balance of the Non-Participating Provider's actual charge.

Cigna Dental Preferred Provider Insurance

The Schedule

Benefits For You and Your Dependents

The Dental Benefits Plan offered by Your Employer includes Participating and Non-Participating Providers. If You select a Participating Provider, Your cost will be less than if You select a Non-Participating Provider.

The Benefit Percentage payable for Emergency Services charges made by a Non-Participating Provider is the same Benefit Percentage as for Participating Provider Charges. Dental Emergency Services are required immediately to either alleviate pain or to treat the sudden onset of an acute dental condition. These are usually minor procedures performed in response to serious symptoms, which temporarily relieve significant pain, but do not effect a definitive cure, and which, if not rendered, will likely result in a more serious dental or medical complication.

You may receive services from Participating or Non-Participating dentists. Cigna Health and Life Insurance Company will reimburse both Participating and Non-Participating dentists at the same benefit level.

Participating Provider Payment

Participating Provider services are paid based on the Contracted Fee that is agreed to by the provider and Us. Based on the provider's Contracted Fee, a higher level of plan payment may be made to a Participating Provider resulting in a lower payment responsibility for You. To determine how Your Participating Provider compares, refer to Your provider directory.

Provider information may change annually; refer to Your provider directory prior to receiving a service. You have access to a list of all providers who participate in the network by visiting www.mycigna.com.

Non-Participating Provider Payment

Benefit Payment

Services are paid based on the Maximum Reimbursable Charge. For this plan, the Maximum Reimbursable Charge is calculated at the 80th percentile of all provider charges in the geographic area.

Coordination of Benefits

This section applies if You or any one of Your Dependents are covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan. Any other health coverage plans for You or any of Your covered Dependents are taken into account when benefits are paid.

Coverage under this Plan plus another Plan will not guarantee 100% reimbursement.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

- Plan.** A Plan is any of the following that provides benefits or services for medical or dental care or treatment. Plan includes group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or non-group type coverage (whether insured or uninsured); and medical benefits under group or individual automobile contracts; Medicare, Medicaid or any other federal governmental plan, as permitted by law.
Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.
- Closed Panel Plan.** A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.
- Primary Plan.** The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan. A Plan that does not contain a

coordination of benefits provision that is consistent with this section is always primary.

- D. **Secondary Plan.** A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to You.
- E. **Allowable Expenses.** The amount of charges considered for payment under the Plan for a Covered Service prior to any reductions due to Coinsurance, Copayment or Deductible amounts. If We contract with an entity to arrange for the provision of Covered Services through that entity's contracted network of health care providers, the amount that We have agreed to pay that entity is the allowable amount used to determine Your Coinsurance or Deductible payments. If the Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit. Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:
- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
 - If You are covered by two or more Plans that provide services or supplies on the basis of Reasonable and Customary fees, any amount in excess of the highest Reasonable and Customary fee is not an Allowable Expense.
 - If You are covered by one Plan that provides services or supplies on the basis of Reasonable and Customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
 - If Your benefits are reduced under the Primary Plan (through the imposition of a higher Copayment amount, higher Coinsurance percentage, a Deductible, and/or a penalty) because You did not comply with Plan provisions or because You did not use a Participating Provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of services.
- F. **Custodial Parent.** The parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the Calendar Year, excluding any temporary visitation.
- G. **Claim Determination Period.** A Calendar Year, but does not include any part of a year during which You are not covered under this Policy or any date before this section or any similar provision takes effect.

- H. **Reasonable Cash Value.** An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- **Employee:** The Plan that covers a person as an Employee shall be the Primary Plan and the Plan that covers a person as a Dependent shall be the Secondary Plan.
- **Dependent:** For a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the Calendar Year.
- For the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
 - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
 - then, the Plan of the parent with custody of the child;
 - then, the Plan of the spouse of the parent with custody of the child;
 - then, the Plan of the noncustodial parent of the child; and
 - finally, the Plan of the spouse of the parent not having custody of the child.
- **Employee in Active Service or laid-off Employee or Retiree:** The Plan that covers You as an Employee in Active Service and Your Dependent shall be the Primary Plan and the Plan that covers You as a laid-off Employee or Retiree and Your Dependent shall be the Secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- **COBRA or State Continuation of Coverage:** The Plan that covers You under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers You as an Employee in Active Service or Retiree or Your Dependent shall be the Primary Plan. If the other Plan does not have a similar provision and,

as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

- If one of the Plans that covers You is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.
- **Longer or Shorter Length of Coverage:** The Plan that covers a person for a longer period of time is the Primary Plan and the Plan that covered the person for the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between each of the Plans meeting the definition of a Plan. In addition, this Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for You. We will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

As each claim is submitted, We will determine the following:

- Our obligation to provide services and supplies under this Policy;
- whether a benefit reserve has been recorded for You; and
- whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, We will use the benefit reserve recorded for You to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, Your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

Recovery of Excess Benefits

If We pay charges for benefits that should have been paid by the Primary Plan, or if We pay charges in excess of those for which We are obligated to provide under the Policy, We will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

We will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any

insurance company, healthcare plan or other organization. If We request, You must execute and deliver to Us such instruments and documents as We determine are necessary to secure the right of recovery.

Right to Receive and Release Information

We, without consent or notice to You, may obtain information from and release information to any other Plan with respect to You in order to coordinate Your benefits pursuant to this section. You must provide Us with any information We request in order to coordinate Your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, You will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 90 days of the request, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

Expenses For Which A Third Party May Be Responsible

This plan does not cover expenses for which another party may be responsible as a result of having caused or contributed to the injury or sickness.

If You incur a Covered Expense for which, in the opinion of Cigna, another party may be liable, We will pay the benefits otherwise payable under the Policy. However, We have a right to attempt recovery of the amount of damages if:

- the amount of recovery exceeds the sum of all economic and noneconomic losses incurred as a result of the injury; or
- the amount of the reimbursement claim is reduced by the pro rata amount of the attorney's fees and expenses of litigation incurred by the injured party in bringing the claim;

at the time that the third party's liability is determined and satisfied, whether by settlement, judgment, arbitration or award or otherwise.

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, Your right to benefits

under this plan, nor may You assign any administrative, statutory, or legal rights or causes of action You may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Us to pay any healthcare benefits under this Policy to a Participating or Non-Participating Provider. When You authorize the payment of Your healthcare benefits to a Participating or Non-Participating Provider, You authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from You and Us, it is the provider's responsibility to reimburse the overpayment to You. We may pay all healthcare benefits for Covered Services directly to a Participating Provider without Your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or Non-Participating Provider as the authority to assign any other rights under this Policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a Non-Participating Provider has been authorized by You, We may, at Our option, make payment of benefits to You. When benefits are paid to You, You or Your Dependents are responsible for reimbursing the Non-Participating Provider.

Initial Determination

A claim for dental benefits will be reviewed upon receipt. We will notify You of Our decision to approve or deny the claim within 15 working days from the date You submitted the claim electronically and 30 calendar days from the date You submitted the paper claim after such receipt mail, unless an extension is required due to matters beyond Our control. Any extension will not be more than 15 days. The notice of approval or denial of the claim will state the reasons We may have for failing to pay the claim, either in whole or in part, and which also gives the person so notified a written itemization of any documents or other information needed to process the claim or any portions thereof which are not being paid.

If We require an extension, You will be notified in writing before the end of the initial 15 day period. The notice of extension will explain the reasons for the extension and will state when a determination will be made. If an extension is required because We require additional information from You, the time from the date of Our notice requesting further information and the time We receive the necessary information does not count toward the time period We are allowed to notify You of the claim determination.

Claim Denial

If Your claim is denied, in whole or in part, the notification of the claim decision will state the reason why Your claim was denied and reference the specific plan provisions upon which the denial is based. If the claim is denied because more information is needed from You, the claims decision will describe the additional information needed and why such information is needed. If We relied on an internal rule or other criterion when denying the claim, the claim decision will include the rule or other criteria or will indicate that such rule or criteria was relied upon and You may request a copy free of charge.

To Whom Payable

Dental benefits are assignable to the provider. When You assign benefits to a provider, You have assigned the entire amount of the benefits due on that claim. If the provider is overpaid because of accepting a patient's payment on the charge, it is the provider's responsibility to reimburse the patient. Because of Our contracts with providers, all claims from contracted providers should be assigned.

We may, at Our option, make payment to You for the cost of any Covered Services from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to You or Your Dependent(s), You or Your Dependent(s) are responsible for reimbursing the provider.

If any person to whom benefits are payable is a minor or is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, We will make payment to the person or institution appearing to have assumed his custody and support.

In the event of the death of a Covered Person, We may receive notice that an executor of the estate has been established. The executor has the same rights as the Covered Person and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Us from all liability to the extent of any payment made.

Time of Benefits

If We do not pay a claim under this Policy within 15 working days of Our receipt of proof of loss, We will notify You of Our reasons for not paying the claim, in whole or in part, and We will notify You of any information needed to process the claim, or any portion thereof which is not being paid.

Within 15 working days of Our receipt of such information, We will either pay the claim or notify You of its reasons for denying the claim or any portion thereof.

Interest at the rate of 18% per annum will be payable from and after 15 working days following Our receipt of all necessary information on claims due and unpaid within that period.

Recovery of Overpayment

When We have made an overpayment, We will have the right at any time to: recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. In addition, Your acceptance of benefits under this Policy and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which We may seek recovery of any overpayment. You agree that in seeking recovery of any overpayment as a contractual right or as an equitable line by agreement, We may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

- the last day for which You have made any required contribution for the insurance.
- the date the Policy is canceled or lapses due to a nonpayment of premium.
- the date as determined by Your Employer, except as described below.
- Your death.

Any continuation of insurance must be based on a plan which precludes individual selection.

If Your Active Service ends due to an injury or sickness, Your insurance will be continued while You remain totally and continuously disabled as a result of the injury or sickness. However, Your insurance will not continue past the date Your Employer stops paying premium for You or otherwise cancels Your insurance.

Termination of Insurance - Dependents

- the date that Dependent no longer qualifies as a Dependent; or
- Your death.

Coverage for any Dependent child will terminate at the end of the month in which the Dependent child turns age 26. Such termination will be without prejudice to any claim originating prior to the termination date. Our acceptance of any premium after such date will be considered as premium for only the remaining Covered Person(s) under the Policy.

However, coverage will continue for any Dependent child regardless of age, who is incapable of self-sustaining employment by reason of intellectual disabilities or a physical handicap. Proof of the child's condition and dependence may be required to be submitted to Us within 31 days after the date the child reaches the Dependent age limit.

Dental Benefits Extension

An expense incurred in connection with a Covered Service that is completed after a person's benefits cease will be deemed to be incurred while he is insured if:

- for fixed bridgework and full or partial dentures, the first impressions are taken and/or abutment teeth fully prepared while You are insured and the device installed or delivered to You within 1-4 calendar month(s) after Your insurance ceases.

- for root canal therapy, the pulp chamber of the tooth is opened while You are insured and the treatment is completed within 1-4 calendar month(s) after Your insurance ceases.

There is no extension for any Covered Service not shown above.

Dental Benefits Extension Upon Policy Cancellation

If the dental benefits under this plan cease for You or Your Dependent due to cancellation of the policy, and You or Your Dependent is totally disabled on that date due to an injury or sickness, dental benefits will be paid for covered expenses. However, no benefits will be paid after the earliest of:

- the date You exceed the Maximum Benefit, if any, shown in The Schedule;
- the date You are no longer totally disabled;
- 12 months from the date Your dental benefits cease; or
- 12 months from the date the policy is canceled.

You will be considered totally disabled if, because of an injury or a sickness:

- You are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered totally disabled if, because of an injury or a sickness:

Appointment of Authorized Representative

You may appoint an authorized representative to assist You in submitting a claim or appealing a claim denial. However, We may require You to designate Your authorized representative in writing using a form approved by Us. At all times, the appointment of an authorized representative is revocable by You. To ensure that a prior appointment remains valid, We may require You to re-appoint Your authorized representative, from time to time.

We reserve the right to refuse to honor the appointment of a representative if We reasonably determine that:

- the signature on an authorized representative form may not be Yours, or
- the authorized representative may not have disclosed to You all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of dental services may have jeopardized Your coverage through the waiver of the cost-sharing amounts that You are required to pay under Your plan.

If Your designation of an authorized representative is revoked, or We do not honor Your designation, You may appoint a new authorized representative at any time, in writing, using a form approved by Us.

VI

When You Have A Complaint Or An Appeal

For the purposes of this section, any reference to "You," "Your," or "Employee" also refers to a representative or provider designated by You to act on Your behalf; unless otherwise noted.

We want You to be completely satisfied with the care You receive. That is why We have established a process for addressing Your concerns and solving Your problems.

Start With Customer Services

We are here to listen and help. If You have a concern regarding a person, a service, the quality of care, or contractual benefits, You may call the toll-free number on Your Benefit Identification card, explanation of benefits, or claim form and explain Your concern to one of Our Member Services representatives. You may also express that concern in writing.

We will do Our best to resolve the matter on Your initial contact. If We need more time to review or investigate Your concern, We will get back to You as soon as possible, but in any case within 30 days. If You are not satisfied with the results of a coverage decision, You may start the appeals procedure.

Appeals Procedure

We have a two-step appeals procedure for coverage decisions. To initiate an appeal, You must submit a request for an appeal in writing to Us within 365 days of receipt of a denial notice. You should state the reason why You feel Your appeal should be approved and include any information supporting Your appeal. If You are unable or choose not to write, You may ask Us to register Your appeal by telephone. Call or write Us at the toll-free number on Your Benefit Identification card, explanation of benefits, or claim form.

Level-One Appeal

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medically Necessary or clinical appropriateness will be considered by a health care professional.

For level-one appeals, We will respond in writing with a decision within 30 calendar days after We receive an appeal

for a post-service coverage determination. If more time or information is needed to make the determination, We will notify You in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal resolution be expedited if the time frames under the above process would seriously jeopardize Your life or health or would jeopardize Your ability to regain the dental functionality that existed prior to the onset of Your current condition.

A dental professional, in consultation with the treating Dentist, will decide if an expedited review is necessary. When a review is expedited, We will respond orally with a decision within 72 hours, followed up in writing.

Level-Two Appeal

If You are dissatisfied with Our level-one appeal decision, You may request a second review. To initiate a level-two appeal, follow the same process required for a level-one appeal.

Requests for a level-two appeal regarding the Medically Necessary or clinical appropriateness of Your issue will be conducted by Committee, which consists of one or more people not previously involved in the prior decision. The Committee will consult with at least one dental care provider in the same or similar specialty as the care under consideration. You may present Your situation to the Committee by conference call.

For level-two appeals We will acknowledge in writing that We have received Your request and schedule a Committee review. For required preservice and concurrent care coverage determinations, the Committee review will be completed within 15 calendar days. For postservice claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, We will notify You in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

In the event any new or additional information (evidence) is considered, relied upon or generated by Us in connection with the level-two appeal, this information will be provided to You as soon as possible and sufficiently in advance of the Committee's decision, so that You will have an opportunity to respond. Also, if any new or additional rationale is considered by Us, We will provide the rationale to You as soon as possible and sufficiently in advance of the Committee's decision so that You will have an opportunity to respond.

You will be notified in writing of the Committee's decision within five business days after the Committee meeting, and within the Committee review time frames above if the Committee does not approve the requested coverage.

You may request that the appeal resolution be expedited if the time frames under the above process would seriously jeopardize Your life or health or would jeopardize Your ability to regain the dental functionality that existed prior to the onset of Your current condition.

A dental professional, in consultation with the treating Dentist, will decide if an expedited review is necessary. When a review is expedited, We will respond orally with a decision within 72 hours, followed up in writing.

If You are not satisfied with Our level-one appeal decision, You may request a level-two appeal.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: the specific reason or reasons for the adverse determination; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding Your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medically Necessary, experimental treatment or other similar exclusion or limit.

You also have the right to bring a civil action under section 502(a) of ERISA if You are not satisfied with the decision on review. You or Your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact Your local U.S. Department of Labor office and Your State insurance

regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If Your plan is governed by ERISA, You have the right to bring a civil action under section 502(a) of ERISA if You are not satisfied with the outcome of the Appeals Procedure. In most instances, You may not initiate a legal action against Us until You have completed the level-one and level-two appeal processes. If Your appeal is expedited, there is no need to complete the level-two process prior to bringing legal action. However, no action will be brought at all unless brought within 3 years after a claim is submitted for In-Network Services or within three years after proof of claim is required under the Plan for Out-of-Network services.

Maximum Reimbursable Charge (MRC)

The Maximum Reimbursable Charge (MRC) for Covered Dental Services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply; or
- the Policyholder-selected percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Us and updated annually. If sufficient data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then state, regional or national data may be used. If sufficient data is unavailable in the database, then data in the database for similar services may be used.

The percentile used to determine the Maximum Reimbursable Charge is listed in The Schedule.

The Maximum Reimbursable Charge is subject to all other benefit limitations and applicable coding and payment methodologies determined by Us. Additional information about how We determine the Maximum Reimbursable Charge is available upon request.

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;
- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed:

- if your Employer agrees, and you meet the criteria shown in the following Sections B through F and enroll for or change coverage within the time period established by your Employer.

B. Change of status

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid eligibility/entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in cost of coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

F. Changes in coverage of spouse or Dependent under another employer's plan

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

Eligibility for Coverage for Adopted Children

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

HC-FED93

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

Claim Determination Procedures

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan.

You or your authorized representative (typically, your health care professional) must request Medical Necessity determinations according to the procedures described below, in the Certificate, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Certificate, in your provider's network participation documents as applicable, and in the determination notices.

Postservice Determinations

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: the specific reason or reasons for the adverse determination; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, if applicable; upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a "qualifying event" that would result in loss of coverage under

the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan's coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a "qualified beneficiary" (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals' coverage will terminate when your COBRA continuation coverage terminates. The sections titled "Secondary Qualifying Events" and "Medicare Extension For Your Dependents" are not applicable to these individuals.

Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s)

may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for “Termination of COBRA Continuation” listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer’s policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Employer’s Notification Requirements

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse’s) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
 - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
 - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
 - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must

provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first

payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

You Must Give Notice of Certain Qualifying Events

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation

(e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

COBRA Continuation for Retirees Following Employer's Bankruptcy

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under "Termination of COBRA Continuation" above.

Interaction With Other Continuation Benefits

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.
