## State Health Benefit Plan Vaccination Wellness Promotion

On August 30, 2021, Governor Kemp announced that the Department of Community Health (DCH) was updating the wellness program for the State Health Benefit Plan (Plan) to promote increased vaccination rates among Plan members. Eligible participants include active and pre-65 retired Plan members who received their full vaccination as Plan members any time since January 1, 2021 (the beginning of our plan year).

Additional details of the promotion are outlined in a [DCH memo](#).

Employees can find more information about getting vaccinated at this Department of Public Health link: <https://gta-vras.powerappsportals.us/en-US/>. In addition, health benefit providers will be sending official information directly to their members in the coming days on how to claim and redeem the credits.

***Date of communication: September 7, 2021***
