**Please note:** The statewide contract for Certified Audio Visual Products and Select Services is being reviewed for solicitation and the development of a new statewide contract. The resulting statewide contract will be designated as Mandatory.

As a reminder, with this change in the contract classification (Mandatory to Convenience), this means that state entities are allowed to purchase from suppliers not on the current statewide contract, if they so choose, as long as they follow the States' procurement policies.

**QUESTIONS:** If you have any questions, please contact the contract administrator:
